THE ANDOVER NEWS.

Now for Christmas.

School closes today for the holiday vacation.

J. S. Young of Norwich is visiting friends in town.

Jesse Phillips is home from the Ann Arbor law school for the holidays.

We must do it—we can't help it—we excuse us—just once—HURRAH!

Don't forget the dance at the opera house Wednesday evening, Dec. 30.

Holiday excursion routes on the Erie—two cents a mile for round trip tickets.

Let the majority rule! (P. S.—This item was written Tuesday, before 7 p. m.)

Mrs. M. Preston left today for Washington, D. C. where she will visit relatives.

Miss Millie Barney and Miss Gean Prudage visited Hornellsville last Saturday.

Mrs. W. D. Hood of Belmont visited Mrs. O. P. Crandall last week, returning home Friday.

The News wishes every one of its readers a Merry Christmas and a happy New Year.

Prof. Jay Crissey, principal of the Belmont school, was an interested spectator at the school meeting last night.

The Band will give an entertainment Saturday evening, Jan. 9, 1892. Let all attend who are interested in keeping up the organization. Posters and programs next week.

Lost—a silver watch, open faced, stem winder. The finder will be liberally rewarded for returning the same to this office or to D. J. Comstock's shop, and no questions asked.

Prof. Harding of Wellsville explained the plans, purposes and advantages of the Regents in a very clear manner last Friday evening to a good audience at the Union school building.

B. B. Hann is home from Hornellsville Business College. He was kicked on the head by a horse and was compelled to take a vacation. He is somewhat better and will return next week.

The Uncle Tom's Cabin company called to appear at Prest's opera house at Wednesday evening did not put in appearance. No harm done, except at the expense of the printing.

Dr. Stillman and J. W. Richardson went to Richburg last Saturday and brought Geo. Uyan, who has been sick with the grip, to his home. He is improving, as is also his sister, Mrs. Floyd Richardson.

J. C. Cartwright, C. H. Richardson, G. B. Proper and D. D. Remington went rabbit hunting last Friday. The four men had but three guns, but they bagged nine rabbits in two hours. The News man had rabbit for dinner next day.

Giles Davis' house was discovered to be on fire last Saturday about midnight. It caught on the roof, probably from the engine of the Erie, and had burned several square feet of shingles and roof boards before it was put out. The damage is about \$50, without any insurance. Mr. Davis has not yet moved into it, but would have done so this week.

C. K. Mason, secretary of the Hornellsville Farmers' Club, has been missing from his home for a couple of weeks, and his whereabouts are unknown. The Hornellsville Herald says: "No tidings have yet been received of the missing secretary of the Farmers' club, and his whereabouts are as much of a mystery as ever. During the week we learned that he left a letter in which he stated that all he took with him was about \$27 in money, his watch and the clothes on his back. The further substance of the letter was that if he could not return and clear up his personal indebtedness he had no desire to live. As far as can be learned Mr. Mason's private debts were not particularly large and none of his creditors were pushing him. His accounts with the Farmers' club and Patrons' Fire Relief association were all straight, and there was no necessity whatever for his taking the gloomy view of life he did and leaving Hornellsville."

The Buffalo Way.

U. L. Upson, a real estate agent of 474 Main street, Buffalo, has made serious charges against the officials at No. 1 police station in that city. He says he was arrested on a trumped-up charge and cast into a dirty prison cell in company with a lot of drunken people; that he was compelled to spend the night in this miserable place and was denied the privilege of communicating with his friends or attorneys. The food that was offered him was not fit to eat, and he suffered many indignities which a convicted criminal should not be subjected to. He claims he could have secured bail in thirty minutes if he had been allowed to do so. He has preferred charges against the officers, who deny the truth of the charges. An investigation is to be made. It would seem that there must be some foundation for the charges, which are of a serious nature. Mr. Upson is the gentleman who negotiated the transfer of Dr. Crandall's property in this village to Buffalo parties a couple of years ago. He stands high in the business circle of Buffalo, and made a good impression upon the people he met in Andover. We understand he has relatives in Almond.

To Alliance Members.

The next meeting of Excelsior Alliance No. 71 will be held at Prest's opera house in this village, Saturday evening, December 26, at 7:30 p. m. Every member is requested to be present, and those having bills against the Alliance will please present them at this meeting.

Republican League.

The organization of the Republican League of the town of Andover has been taken up and the club list already contains the names of a large number of Republicans. It is hoped that every Republican in the town will place his name upon the list, which may be found at W. H. Phillips' store.

A BAD CASE OF SCIATICA PERMANENTLY CURED.

CANEADEA, Allegany Co., May 25, 1886.

For years I have been troubled with Rheumatism, and for six months had suffered incessantly from sciatica (Sciatic Rheumatism). One of my limbs was withered and perished away, and several physicians and all the remedies I could I ear of gave me no relief. Last fall I took several bottles of "Dr. Hart's Rheumatic Remedy," and it effected a permanent cure. I have been entirely free from the terrible disease, and my limb has regained its natural condition. My wife was cured of a stomach trouble of years' standing. Every sufferer from any kind of rheumatic difficulties should try this great remedy, as from its effect upon others as well as myself, I believe it will reach the most obstinate cases.

LET FOR IT AGAINST.

76 Majority in Favor of Placing the School Under the Regents. The vote taken at the special school meeting last evening, upon the question of placing the Andover School under the visitation of the Regents of the State of New York resulted in a majority of 76 in favor of the project, and the Board of Education was authorized to raise a sufficient sum of money to purchase the necessary apparatus, not exceeding the sum of \$1,000, less the value of the apparatus already on hand. It is doubtful if a larger crowd ever assembled at a school meeting in this town. The room was crowded to its utmost capacity, and the total number of votes cast was 238.

The meeting was called to order by G. M. Barney, Secretary of the Board of Education. L. C. Van Fleet was elected chairman of the meeting, and T. McTighe, President of the Board of Education, was made Secretary.

It was suggested that the committee appointed by the Board to visit other schools which had adopted the Regents, report to this meeting the result of their investigation. The members of the committee responded by giving figures, facts and opinions gathered from their visits to other schools.

At this point it was announced that Prof. Wheelock, an official from the office of the Regents in Albany, was present, and a motion prevailed that he be invited to address the meeting. Prof. Wheelock then took the floor and gave much valuable information concerning the working of schools under the Regents, and answered many questions put to him by those present.

After extending a vote of thanks to Prof. Wheelock, the meeting proceeded to a ballot upon the question, with the result as stated above. W. H. Phillips and Dr. E. M. Stillman acted as tellers. We believe it is the wish of all that the new departure may prove advantageous to the school and the village.

The Postmasters Meet.

A number of fourth class postmasters of Allegany county met in Cuba, Tuesday, for the purpose of electing a delegate to attend the convention of fourth class postmasters to be held at Albany. The object of the convention is to influence legislation that will give to postmasters of this class fuel, light and rent, as is now provided first-class postmasters. Owing to the unusually inclement weather, the attendance was smaller than was anticipated. Those present were: A. J. Bennet of Bennets', S. C. Burdick of Alfred Centre, M. H. Bailey of Clarksville, F. S. Burlingame of Rockville, C. S. Leonard of Belvidere, V. I. Cook of Belfast, F. M. Sawyer of Intervale, N. B. Garwood of Canaseraga, S. G. Horner of Angelica and F. L. Davis of Canadea. An organization was completed by the election of F. L. Davis as chairman and S. G. Horner as secretary. Mr. Horner was chosen as delegate to the convention and Mr. V. I. Cook of Belfast as alternate. This action is a just one on the part of the postmasters, and similar action is being taken all over the country.

It was proposed that a permanent organization of all the postmasters in Allegany county, of which there are seventy-one fourth class and six third class, be formed. The object of such an organization will be the exchange of ideas for the betterment of the service. The idea was favorably received, and a committee, consisting of Messrs. S. C. Burdick, N. B. Garwood and A. J. Bennet, was chosen to make arrangements for a meeting of all the postmasters in county, to be held at Cuba, some time in January.—Cuba Patriot.

THE TROUBLE OVER.

A prominent man in town exclaimed the other day. "My wife has been wearing out her life from the effects of Dyspepsia, Liver Complaint and Indigestion. Her case baffled the skill of our best physicians. After using three packages of Aunt Fanny's Health Restorer she is almost entirely well." Keep your blood in a healthy condition by the use of this great vegetable compound. Call on L. A. Burrows and get a trial package free. Large size 50c.
