

THE ANDOVER NEWS.

VOL. VI

ANDOVER, ALLEGANY COUNTY, N. Y., JAN. 11, 1893.

NO. 20.

MRS. ELMIRA HATCH.

HEART DISEASE 20 YEARS.

Dr. Miles Medical Co., Elkhart, Ind.

Heart Sufferer: For 20 years I was troubled with heart disease. Would frequently have falling spells and smothering at night. Had to sit up or get out of bed to breathe. Had pain in my left arm and back at the time; at last I became cured. I was very nervous and nearly worn out. The least excitement would cause me to faint. I was also much troubled with dizziness. For the last fifteen years I could not sleep on my side or back until I began taking your *Heart Cure*. I had not taken it very long when I felt much better, and I can now sleep on either side or back without the least discomfort. I have no pain, smothering, dropsy, no wind on stomach or other disagreeable symptoms. I am able to do all my own housework without any trouble and consider myself cured.

It is now four years since I have taken any medicine. Am in better health than I have been in 10 years. I honestly believe that *Dr. Miles' New Heart Cure* saved my life and made me a well woman. I am now 62 years of age, and am able to do a good day's work.

Mrs. ELMIRA HATCH.
May 26th, 1892.

SATISFACTION GUARANTEED
OR MONEY RETURNED.

EDWIN F. PARKER, M. D., "The Winthrop," 115th Street and 7th Ave., New York City.

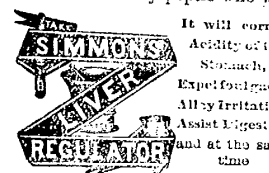

CASTORIA MANUFACTURED BY J. C. WATSON, D. D., New York City. Late Pastor Bloomingdale Reformed Church.

DYSPEPSIA

Is that misery experienced when suddenly made aware that you possess a diabolical arrangement called stomach. No two dyspeptics have the same predominant symptoms, but whatever form dyspepsia takes

The underlying cause is in the LIVER,

and one thing is certain no one will remain a dyspeptic who will

Start the Liver working and all bodily ailments will disappear.

"For more than three years I suffered with Dyspepsia in its worst form. I tried several doctors, but they afforded no relief. At last I tried Dr. Williams' Pink Pills, which cured me in a short time. It is a good medicine. I would not be without it."—JAMES A. BOWEN, Toledo, Pa.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever see anything else and have never been disappointed in the effect of this medicine. It seems to be almost a perfect cure for the various forms of Dyspepsia and Bowel."—W. J. McFARLANE, Marion, Ga.

The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

The Dunes are wise in their day and generation, for it is said that all, high and low, rich and poor, teach their daughters to be self-supporting.

Ireland groans over her heavy rents, and England for many years has been set at variance anent the Irish question; but the real Irish question is of whiskey. Says Prof. Barrett, of Belfast: "The Irish spend in a year more on alcohol than on all their rents."

The habit of intemperance by men in office has occasioned more injury to the public, and more trouble to me, than all other causes; and were I to commence my administration again, the first question I would ask respecting a candidate for office would be: "Does he use ardent spirits?"—Thomas Jefferson.

The Boston *Sunday Globe* says: Ninety-five per cent. of the women of Wyoming availed themselves of the privilege of voting for president this year, although some of them had to ride 70 miles going to and returning from the polls. This seems to be a sufficient answer to the question whether, if women generally had the right, they would take interest enough in politics to vote.

Hamburg is said to have the worst water and the best beer of any city. Observe the result when cholera comes and draw the moral.

"Brand" and gin deceive the drinker because he fancies he drinks them but they drink him."—C. C. C.

President Lincoln used to say, when speaking of the enormity of the evil of the system of American slavery, "There is no other side to it." The same thing may, with equal truthfulness, be said of the liquor traffic. Its fruits are sorrow, shame, and death, not only to the users of strong drink, but to thousands who are wholly innocent. Over against this sum of evil, there is not one redeeming feature. "There is no other side to it."

Rev. Thomas Dixon, Jr., the preacher who so fearlessly attacks Tammany Hall, in his lecture on "Modern Cities" said: "The man who prays like an angel on Sunday and votes like a devil Monday will find himself in the clutches of the devil at last. People say we must wait for public sentiment before we can have better laws. I tell you laws are fifty years behind sentiment now, and enforcement of laws is a hundred years behind sentiment. Our cities must be saved, or our nation is lost, and if they are saved they must be saved by the churches."

INDEPENDENCE NEWS.

A number of our young people attended a dance in Hallsport last Monday night.

Mr. and Mrs. Horace Warfield of Andover, visited their children, Mr. and Mrs. W. J. Potter, last week.

E. D. Potter Esq. started for Belmont Monday morning as a prospective juror on the Italian murder case.

Last week Thursday Mr. and Mrs. W. S. Livermore went to Belmont, via Andover, to visit their children, Comrade and Mrs. Geo. A. Green.

Mr. Clark Foster and sister Louie, of Shongo, accompanied by their cousin, Mr. Eddie Foster of Penn Yan, were guests of J. M. Green one day last week.

Mr. and Mrs. J. M. Green gave a select entertainment at their home last week Monday evening, and some 25 guests partook of their hospitality.

Mr. Wm. Austin is reported as very ill of neuralgia of the heart, with but little hope of his recovery.

The I. O. G. T. of Whitesville gave a representation of "Ten Nights in a Barroom," in the public hall Monday evening, the 9th inst, for the benefit of the Lodge.

A Mr. Helmer of Almond, is the guest of Mr. C. F. Potter.

VICINITY NEWS.

A Few Things That Have Happened Within Two or Three Hundred Miles of Here.

Wm. H. Pendleton of Scio was recently thrown from a wagon and critically injured.

There are now several cases of diphtheria in Woodhull and there have been several deaths from that disease.

Hamilton Ward Jr. of Belmont, son of Judge Hamilton Ward, has been appointed special clerk in the office of the District Attorney of Erie county.

A good vein of anthracite coal six feet thick has been discovered at Uniondale, Pa., causing farm land to go up at a single bound from \$50 to \$400 an acre.

Friendship will soon have a fine brick block to take the place of the stores burned last fall. The block will contain two stores, to be occupied by Chas. B. Wales as a grocery and W. H. Scott & Son as a drug store. The second story will contain some fine offices.

The Allegany county G. A. R. association at its recent annual meeting elected the following officers for 1893: President, A. M. Boyd; 1st Vice Pres., J. W. Marsh; 2d Vice Pres., D. Burdick; O. D. J. H. Seelye; Sec., R. H. Grady; Treas., E. O'Malley; Chap., W. B. Wagoner.

The railroad officials economize space in their cattle cars. Not long since a train of steers passed over the Lehigh road, going south from Geneva. They were packed head and tail, and under each steer was a hog not built just exactly like those who loaded the car, but just an ordinary, respectable hog.

James King of Canisteo was instantly killed near Adrian, recently, while returning from a hunting trip. He was accompanied by a dog which he prized very highly, and in trying to save the dog from being struck by train 14 he was himself struck and killed. The dog was also killed. King was employed in the Canisteo sash and blind works. He was 33 years old and leaves a wife and three children.

Only two wells were completed in the Allegany field in December. McDonnell Bros. completed a well on the Ketchum farm, east of Kossuth which started off at 20 barrels a day, and settled down to 10, and Michael Jordan completed a well on the Jordan farm in Clarksville, which started off at 30 barrels and is now doing ten a day. There is considerable fair territory in this field but it will be undeveloped so long as the market persists in resting between 50 and 60 cents.

The Erie will establish a creamery station, as they call it, at Hornellsville, to be located on the vacant lot below the way bill office. Here the farmers can take their milk, to ship to New York or elsewhere and a car will be provided, which will be taken east until it reaches Oswego, where a milk train, devoted entirely to that industry, will start for New York, and the car will be attached. The station at Hornellsville is in the nature of an experiment, and if successful, the system will be continued westward.

An effort is to be made to place the blame of the Oil City disaster which horrified the world in the beginning of last June, and the courts of Venango county will be called upon to determine the same. The suit is one entered by John Roche of Oil City, who sues to recover \$40,000 damages from the Standard Oil Company, accusing it of criminal negligence in allowing the naphtha tank which contained the death-dealing fluid to stand on the banks of Oil Creek. Mr. Roche, who is a young man, lost his wife and two children in the great disaster, and was himself crippled for life. The Oil City people, ever since the disaster, have been casting about for some case on which they might make a test, and have decided on the Roche case. If this case is successful there will be many similar suits aggregating \$1,000,000 in damage claims.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

No Fire Protection.

Williams College's costliest chapter-house, the Sigma Phi, was burned Saturday morning. Williams College is located at Williamstown, Oswego county, N. Y., a town of about 1500 population, which has no protection against fire. The burned building was built in 1884 at a cost of \$50,000. Most of the furniture in the building was also destroyed.

Elkland, Pa., was the scene Saturday evening last of the most destructive fire in its history. Several buildings were burned and the loss is placed at \$75,000, with \$35,000 insurance. The Corning and Addison (N. Y.) fire departments were summoned, but did not arrive in time to be of much assistance.

[The above are items condensed from one issue of a daily paper. How would an item like this read:

"ANDOVER, N. Y., July 4, 1893.—Fire broke out this morning in one of the large wooden blocks on Main street in this village. The fire department responded promptly and no damage was done."

We couldn't truthfully print an item like the above now, however. We are afraid the last sentence would read somewhat differently.]

State Prison for Twenty Years.

Antonio Delillo, who killed a companion at Houghton last summer was to have been tried this week at Belmont. Before the trial opened the prisoner's counsel, O. A. Fuller, asked permission to change the plea of not guilty of murder to that of guilty of manslaughter in the first degree. This was allowed and after the prisoner had pled he was sentenced to twenty years in Auburn prison at hard labor.

Farmers' Club at Friendship.

The ninth annual meeting of the Allegany County Farmers' Club was held at Friendship, N. Y., January 3, beginning at 1 p. m. The address of welcome was given by Judge S. M. Norton in his usual pleasing and forcible manner, abounding in wit. Response was made in behalf of the Club by J. E. Middaugh, of Scio. Wm. Weaver of Angelica spoke at length of the advantages of belonging to the Club and more especially the advantages of the life of the farmer. At wit and repartee he was fully enough for the Judge and everybody in the crowded room greatly enjoyed the treat. Music was furnished by the ladies of Friendship under the direction of Mrs. Ingham and was very well rendered.

President's and Secretary's reports were then read and showed the Club to be in a most flourishing condition. Judge Norton was appointed a committee to correspond with ex-secretary Good and see if he could be compelled to pay over the Club funds in his hands for which he has never rendered an account.

Election of officers followed and Mr. A. W. Litchard was unanimously elected President; Mr. J. E. Middaugh Jr. was re-elected Secretary; Wm. McLumpha was unanimously elected Treasurer. President Litchard then made the following appointments: First Vice Pres., J. E. Middaugh, Scio; Second Vice Pres., E. S. Bartlett, Belfast. Town vice presidents same as last year. Executive committee: Geo. Amnden, Cuba; D. H. Norton, Friendship. Lester Willmarth, Rushford; S. S. Karr, Almond; Cyrus Windus, Belmont. Board of Directors: Wm. Weaver, Angelica; John Sayres, New Hudson; Chas. Moulton, Cuba; John Smith, Little Genesee and L. M. Wait, Friendship.

Voted that a committee be appointed to consider the matter of starting a farmers' Club paper. J. E. Middaugh and E. S. Bartlett named as such committee.

Miss Bernice Hess gave an excellent recitation which was heartily applauded. V. A. Willard gave an address on the subject of taxation of personal property recommending radical measures and was greeted with applause.

Considering the number present and the work done through the year we think, as was termed by many present, the most prosperous Club in the state.

It was voted that the next meeting which occurs February 7, be held at Alfred Centre, and it was announced that the County Institute would be continued at that place on that day.

J. E. MIDDAGH JR., Secy.
