Tuesday morning was the coldest of the season, and there was a hand over every windward ear on the streets. The thermometer registered eight below zero early in the morning.

Married, at the home of the bride's parents in Jasper, N. Y., Jan. 4, 1893 at 6 o'clock p. m., by the Rev. M. A. Dunham of Hedgesville, Mr. Chester Williamson of Andover, N. Y., and Miss Minnie Hardy of Jasper, N. Y.

A pleasant New Years gathering was held at the home of Mr. and Mrs. John Swain on Monday January 2. Upwards of thirty persons were present most of whom were children or grandchildren.

About a dozen of Andover's young people took a sleigh ride to Belmont Sunday night.

Married, this (Wednesday) morning, at the Church of the Blessed Sacrament, by Rev. J. D. Biden, Mr. Michael Moran of Pittsburgh, Pa. and Miss Kate Kilbane of Andover. The numerous friends of the contracting parties will unite in hearty congratulations and good wishes.

Yesterday the men at work filling Prangen's icehouse at the pond were compelled to quit work on account of the extreme cold. Many loads of logs were brought to town for the saw mills, and the drivers looked like walking ice-bergs. Many of them had their ears, fingers and faces frozen.

We understand the range peddlers have left town. We also learn a more interesting fact, namely: that they didn't sell a single range in this vicinity after E. J. Atwood made his first announcement concerning ranges in the News advertising columns. Talk about successful advertising, here's an instance!

The next meeting of the C. L. S. C. will be held in the Methodist church parlors at half past three Monday, Jan. 16. The program will be as follows: Quotations, miscellaneous; song, No. 9; question 3 in the 4 page mem.; 5 and 6 in the 12 page on Grecian History, and No. 44 on U. S. and F. Powers. Those not filling out mem. give a selection from some Grecian author. The usual number of questions in the *Chautauquan*. Table talk on Pericles.

About seventy-five dollars is the amount received at the donation last evening for Rev. G. W. Gibson. This is a large amount considering that the weather was extremely cold, and very few were present from outside the village. Those not present last evening, however, may send in their contributions. It is hoped to make the total amount received one hundred dollars or more. In addition to the above, Mr. Gibson's Sunday School class presented him with a large quantity of books.

The Columbian Society of Andover Union School met Monday Jan. 9, 1893, at 7 o'clock at the school building. The program was as follows: Meeting called to order by president; singing; reading of minutes; roll call; reading of scraps, Celia Patten; address, Prof. T. H. Armstrong; debate, "Resolved, Canada should be annexed to the U. S." After many interesting and forcible arguments the question was decided in the affirmative. Singing.

WILMA WRIGHT, Sec'y.

Last Saturday evening the newly elected officers of Seaman Post No. 481, G. A. R. and of the Woman's Relief Corps were mustered in—the muster of the Post officers being public, with County Clerk Geo. A. Green as mustering officer. Afterwards the members of the above organizations and the Sons of Veterans enjoyed an oyster supper in the good old fashioned way. Literary exercises, music, etc., were also on the program, and everybody had all the fun that could be crowded into the evening.

Wm. Bosard, who lives between Andover and Green's Corners, met with an unfortunate accident last Sunday morning. He was in the woods getting out logs, and while lifting a log with a handspike his leg was caught under the log, breaking the bones of his leg and splintering his ankle bones to a serious extent. He managed to free himself from his painful position and crawled on his hands and knees a distance of about fifty rods toward his home, meanwhile calling loudly for help. His cries were heard by Perry Potter, E. A. Cottrell and other neighbors, who hastened to his relief and took the injured man home, where he was attended by Dr. Comstock. The weather was severely cold, and had it not been for timely assistance there is no telling what the result of the accident would have been.

## "Seeing is Believing."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer hasn't the genuine Rochester, and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 varieties from the Largest Lamp Store in the World.
