

THE ANDOVER NEWS

ONE DOLLAR A YEAR.

HAMILTON C. NORRIS, EDITOR

ANDOVER, N. Y., Jan. 25, 1893.

Mr. Cleveland has now the distinction of being the only living ex-President of the United States. After the 4th of March he will change places with General Harrison and the latter will become the only surviving ex-President. The supply of ex-Presidents is lower than it has been at any time in the history of the country. There is no ex Vice President living to-day. Mr. Morton, after March 4th, will be the only survivor of the Vice Presidential office.

The Chicago people who are in Washington in the interest of an amendment to the World's Fair act of the last session of Congress, permitting the opening of the exposition on Sunday, have, to use a sporting expression, been "fought to a standstill," by the opponents of Sunday opening. The House committee having the matter in hand, of which Representative Duborow, a Chicago man, is Chairman, is almost unanimous in favor of Sunday opening, but opposition has shown itself in so many quarters that the matter will not be pushed just now. A number of Senators have expressed most positively their belief that it would be an impossibility to carry Sunday opening through the Senate, even if it gets through the House. Still shrewd management may do much in the confusion of the closing days of the session.

An effort will be made in the Legislature this winter to amend the ballot law by substituting the blanket ballot for the half dozen ballots, more less, that are used now. No fault will be found with such a substitution. An effort will also be made to pass a law requiring personal registration throughout the State. This would be one of the most nonsensical measures that could be inflicted upon a suffering people. Its ostensible aim would be to prevent fraudulent voting, but its real effect would be to either disfranchise a great number of voters or put them to unnecessary trouble and expense in going before a registry board, located in many instances at a great distance from their homes. There is practically no fraudulent voting in the country, and every member of the Legislature who lives in a town with less than 10,000 inhabitants knows it.

The National League for Good Roads, now assembled at Washington, is engaged in a work which should commend the hearty support of the people. In this State in particular the laws relating to the maintenance of public highways are ridiculously inefficient. The work in each road district is done with very little reference to adjoining districts. Any comprehensive scheme of improvement is practically impossible. Scarcely a mile of country road can be traversed without meeting holes, ruts, rocks and steep grades, alike incompatible with comfort in driving and destructive to vehicles and horses. The time and money annually expended in work upon the country roads, if systematically and efficiently directed would result in admirable roads throughout the State. As it is the effort and expense are practically wasted. Unquestionably the remedy lies in State control of road building and improvement.—*New York Press.*

The question of annexation of Canada to the United States is developing into the question of the hour, especially in Canada. From late reports it is learned that the number of people in Canada who favor annexation is much larger than has hitherto been supposed. The Toronto World (Conservative and ultra-loyalist) recently said: "The time for united action has come, and Canadians who believe in Canada's right to a national existence on this

continent must unite to a man and put down the American or Annexation party in this country, headed by Laurier, and Cartwright, emissaries by Farrar and Charlton, inspired by Goldwin Smith, advocated openly by the Mail, and for the present secretly encouraged by the Globe, and supported in the United States by the ambitious politicians and Fenians and the British haters. There is but one issue in the country to-day, and that is annexation or British occupation."

Doubting Suffering Women!

Many such cures. Alive to the interests of our lady readers, we publish Mrs. Simpson's letter to Dr. Kennedy. Dear Sir:—I was an invalid for years, suffering from kidney trouble and female weakness. Thy medicine prescribed for me and I took various remedies, but no benefit resulted. Our family paper noticed the success of Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., in cases similar to my own. I purchased it. The first bottle taken in small doses, but very regular, improved me wonderfully.
