

## THE ANDOVER NEWS

ONE DOLLAR A YEAR.

HAMILTON C. NORRIS, EDITOR  
ANDOVER, N. Y., Feb. 22, 1893.

Last week State Senator Edwards introduced the first of his threatened bills giving to women the right to vote. This bill relates to villages, and under it women may hereafter vote for all officers to be elected by any incorporated village in the State. The Doctor is confident that no Constitutional objection can be raised to the bill. Later on he will offer another bill allowing women to vote for all municipal officers.

The annexation of Hawaii may now be considered an accomplished fact, the President having sent to the Senate a message and a treaty providing therefor, and a large majority of the Senate being known to favor its ratification. The treaty is very short and very simple, merely providing for annexation, leaving the details to be completed after the treaty is ratified by both governments. This shuts the House out, as no Congressional legislation will be required until the treaty has been ratified by the provisional government of Hawaii, which is allowed two months after the receipt of the treaty to do it. Some members of the House are disposed to resent this disposition of the matter, but if the Senate ratifies the treaty, and it will, their resentment will not count now, although it may when the legislation made necessary by the treaty comes up in the next Congress.

He is a wise politician who does not occasionally ask himself "Where am I at?" these days. With President-elect Cleveland selecting a Republican-populist for his Secretary of State and the President nominating Democrats to high offices it would seem that the party fences are in a dilapidated condition. Mr. Cleveland was in many respects rather independent of his party when he was President before, and present indications are that he is mapping out a still more independent course for his second term. His selection of Judge Gresham to be his Secretary of State without consulting the Congressional leaders of his party, was not pleasing to a big majority of the Democrats in Congress, although policy will keep down anything like open opposition until after the distribution of the choicest bits of Presidential patronage, but there are lively times ahead.

### TEACHERS' ASSOCIATION.

Report of the Meeting Held Last Week in Friendship.

The Annual Teachers' Association of the Southern District of Allegany county convened at Friendship Academy, Feb. 16, 1893.

The meeting was called to order at 2 p. m. by President Armstrong of Andover. After a song by the Association, Rev. G. P. Thomas conducted the devotional exercises.

Prof. F. F. Cudebec then extended a most cordial welcome to the teachers, to which President Armstrong responded. After reading the minutes of the last meeting, an interesting class exercise in "Map Drawing" was given by Miss Willard.

"U. S. History in all Grades" was discussed by Prin. Andrews, Mr. Thomas, Com. Pollard, Prin. Glennie, Ex-Com. Renwick and others.

Very instructive and entertaining papers on "The Swedish and Emerson Systems of Gymnastics" were read by Misses Milmine and Strang. Miss Strang then gave a number of exercises from the Emerson System which were enjoyed by all.

Thursday evening, the program consisted of recitations and music by the pupils of the Friendship Union School, followed by an exhibition of microscope specimens by Mr. Fries of Friendship and Miss Brown of Andover.

Friday morning the session opened by devotional exercises conducted by Rev. Brayton. The topic "Elementary Science in the Public Schools" was ably discussed by Prin. Glennie and Prin. Crissey. The oldest member of the Association, Prof. S. A. Earley, read a most interesting paper, "Personal Reminiscences in Allegany

County." A motion was made that the minutes of this Association and the paper of Prof. Earley be published in pamphlet form, the drafts necessary for this purpose to be made on the treasury by the President, and he, with such assistants as he may appoint be a committee for the execution of this work.

The Association then proceeded to the election of officers for the coming year. The following are the officers elected:

President—T. H. Armstrong.  
First Vice President—A. J. Glennie.  
Second Vice President—Mrs. A. T. Elwell.

Cor. Secretary—Louise Strang.  
Rec. Secretary—Sara B. Woodworth.  
Treasurer—B. Burdette Brown.  
After a short recess, Miss McLaughlin of Friendship gave a lesson in primary language.

At 1:30 p. m. the meeting was called to order. Misses Pierce and McKee favored the Association with a vocal duet, after which Harry Hosley gave a recitation.

Prof. Harding then gave a very interesting talk on "Decorative due to Cultivated Taste," "Law of Magnitudes Derived from Nature." This discussion was most instructive to teachers.

Prin. Brown of Richburg read a paper, "Social Duties and Requirements of a Teacher" which was thoroughly enjoyed by all present.

A short recess followed, after which Prin. Crissey opened the discussion "Percentage." He gave to the teachers many helpful hints. This discussion was continued by Prin. Reed, Prin. Andrews, and Ex-Com. Renwick.

The Question Box was then opened by Com. Pollard, and the questions discussed by him and other members of the Association.

The Committee on resolutions reported and the following was read by Miss Greenan:

"The committee on resolutions respectfully submit the following report: The members of the Teachers' Association of the Southern District of Allegany county desire to express their active sense of appreciation of the courtesy and hospitality extended to them by the people of Friendship who have so generously opened their homes for our entertainment; to the committee of entertainment, the Principal and his able assistants of the Friendship Union School, for their untiring care in providing for all present; to those who furnished the entertainment of Thursday evening, and particularly to Mr. Fries for his instructive views with the microscope.

"We would also express our thanks to all those who have contributed to make the program instructive and entertaining.

"The janitor, Mr. Gilbert, also deserves our commendation for his excellent care of the building and for his kindness in explaining the system of heating and ventilation, to all desirous of understanding it."

These resolutions being adopted, a motion for adjournment was made and the Association closed after a very interesting and instructive session.

SARA B. WOODWORTH, Rec. Sec'y.

### RHEUMATISM PREVALENT.

Caused by the Sudden Changes of Temperature.

### PEOPLE WHO HAVE FOUND RELIEF.

Rheumatism is more prevalent here than ever before.

When this disease fastens upon an individual with its soreness and pain, swelling the joints, rendering him helpless in his movements, and shattering his usefulness, he is indeed an object of pity.

The slight pain in the back, pain or stiffness of the joints or muscles, is a warning indication of an impoverished condition of the blood, a low state of health, and if not attended to at once, means Rheumatism.

Rheumatism can now be relieved and cured.

Since the introduction of Favorite Remedy, by Dr. David Kennedy, of Rondout, N. Y., there has been fewer sufferers than ever before.

Favorite Remedy drives out rheumatic poison from the blood, restores the circulation, strengthens the nerve power.

The best proof of its value is the good it has done.

"I was afflicted with inflammatory rheumatism for fifteen years, writes Dr. E. F. Taylor, of East Nassau, N. Y. So severe that I was supposed to be a cripple for life. Under physician's treatment I grew worse. Dr. Kennedy's Favorite Remedy helped me from the time I first used it, and entirely cured me. I have felt no return of the disease since, and that was three years ago."

The beautiful daughter of Mr. J. M. McFarland, of DeMolles, Ia., was laid up for months with sciatic rheumatism. After a few doses of Dr. Kennedy's Favorite Remedy, she began to grow better, and the pain subsided, sleep well, and continuing its use, was cured.

"I was confined to my bed with rheumatism in my right arm, writes Mr. C. J. Seaver, of Burlington, Conn., and used Dr. Kennedy's Favorite Remedy, but a short while before I drove the rheumatism out of my system."

Mr. G. Lansing, of Troy, N. Y., had rheumatism so bad that he had to be turned over in bed. After using Dr. Kennedy's Favorite Remedy but a short while was restored to health.

What reason then for suffering with rheumatism or neuralgia. This medicine will help you if given a trial.
