If the talk of Senators is any indication the interest in the Hawaiian matter is rapidly waning. The sending of ex-Congressman Blount, of Georgia, to Hawaii by the administration, as a special commissioner in search of information, excited little more than a passing comment.

Cholerine in Pennsylvania.

Swickley, Penn.: We had an epidemic of cholerine, as our physicians called it, in this place lately and I made great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

POUGHEEPSIZ, April 30, 1892.
Messrs. Platt and Platt, proprietors and
editors Poughkeepsic hayfe.
Gentlemen:—The enclosed is a sample
of the many letters I am receiving from
all over the country, asking as to the
truth of an advertisement printed in your
paper, giving my experience with Dr.
David Kennedy's Favorite Remedy.
I wish to say it was a pleasure to give
that recommendation to Dr. Kennedy,
and that when I said I was cured of catarrh of the bladder and chronic kilney
disease, I wrote simply the truth.
For twenty long years before I used
this valuable medicine, I suffered from
urinary troubles, pain in my back and a
mervous, sleepless condition, yet before I
had taken the fourth bottle I was cured,
sound and well. I have replied to this
letter and am willing to do any similar
service to those who are afflicted and will
cheeerfully answer all who write me.
But I make this public statement hoping
it may reach the eye of the sufferer, and
perhaps save me personal correspondence,
for at my age letter writing is not as easy
as when I was younger. I remain
Yours truly.
