

W. C. T. U.

The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

It is said that in Hartford, Conn., a man recently applied for a license to kill a man. Naturally, he was refused, and was sent to the insane asylum. What a pity it is that applicants for a license to sell alcohol, which is but a slower way to accomplish the same end, cannot be answered in the same summary way.

Miss Anna Gordon sailed for America March 1st to carry out her plans for a children's fountain at the World's Fair. The design for the fountain is unique and beautiful, representing a little girl offering a cup of cold water to the thirsty multitudes, while the overflow supplies not only men but horses and dogs. Geo. E. Wade, the sculptor, has designed the fountain. The central figure is now being wrought in bronze, and will be shipped to this country in time for the opening of the exhibition. The fountain is paid for by pennies gathered up from temperance children all over the world. Any who would like to contribute are invited to send the money to Miss Anna Gordon, Evanston, Ill.

The two pillars the liquor sellers expect to support the arch way of their future are respectability and revenue. Take these away and the traffic will speedily go down. High License supports these two pillars and whoever advocates High License delays the doom of the greatest curse of the age.—Col. Geo. W. Bain.

When I ask some people to sign the pledge for others' sake they purse up their lips and say, "Am I my brother's keeper?" No, but you are something a great deal higher than that, you are your brother's brother and in duty bound to act accordingly.

Mr. John G. Woolley said in a recent speech: "Those who oppose us complain that there is nothing new in our speeches. Very well, there is nothing new about love, about sin, about death, but they are subjects well worth talking of, and form the staple of all the books and all the speeches in the world."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp" for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Look for this stamp—THE ROCHESTER. If the lamp dealer has not the genuine Rochester, and the style you want, send to us for our new illustrated catalogue, and we will send you a lamp safely by express—your choice of over 2,000 varieties from the Largest Lamp Store in the World.
