Cure for Drunkenness.

So much has been written, regarding Gold Cure for drunkenness that we all know of the great good accompolished. My husband who was a wreck for years took treatment at compolished. My husband who was a wreck for years took treatment at an Institute over three years ago, and has had no desire to taste liquor since, but it cost over \$100. I had a brother-in-law, a chemist, a slave to drink but too poor to take treatment, he analyzed the medicine my husband brought home and cured himself; few of our acquiantances got the prescription and cured themselves. The following is the prescription: Electrofied Gold 15 grs; Muriate of Ammonia 7½ grs; Comp. Fluid Ext. of Coea 1½ ozs; Glycerine 1½ ozs, Nitrate of Strychnia 1 gr. Distilled water 1½ ozs. Take a teaspoonful every two hours when awake for two or three weeks. After the second or third day there will be no desire for drink Medicine to effect a cure will not cost over \$3.50. I think every paper should help the poor by publishing this prescription.—Mrc. If m. Carter. Chicago.
