A pleasant family reunion occurred Saturday, May 20th, at the home of C. M. Wood in South Andover, it being Mr. Wood's sixty-sixth birthday. The ladies of the C. L. S. C. were pleasantly entertained Monday evening at the residence of Mrs. A. D. Brown. The Alumni banquet, to be held at the opera house Thursday evening, June 22, will be the most elaborate and enjoyable affair of the kind ever held in Andover. The latest announcement of interest is that Cannon's full orchestra will present an elaborate musical program during the festivities. The committees having the matter in charge seemed determined to leave nothing undone which will add to the pleasure of those who will be present.

A petition was circulated in this village last week, and afterward sent to officials of the Erie railway, asking that train 14 might be stopped regularly at this station. It was no trouble to get signatures, and it is hoped the petition may result in giving us the accommodation referred to. If it does, train 14 will receive a liberal patronage from this place, and a large portion of it would be patronage that no other train now receives, for the reason that people stay at home rather than make trips at so great an inconvenience to themselves as they would be compelled to undergo under present arrangements. Give us train 14!
