DYSPEPSIA

Is that misery experienced when
suddenly made aware that you
possess a diabolical arrangement
called stomach. No two dyspep-
tics have the same predominant
symptoms, but whatever form
dyspepsia takes

The underlying cause is
in the LIVER,

and one thing is certain no one
will remain a dyspeptic who will

It will correct
Acidity of the
Stomach,
Expel foul gases,
Alleviate Irritation,
Assist Digestion
and at the same
time

Start the Liver working and
all bodily ailments
will disappear.

"For more than three years I suffered with
dyspepsia in its worst form. I tried several
remedies but they afforded no relief. At last I tried
Simmons' Liver Regulator, which cured me in a
short time. It is a good medicine. I would not
be without it."—Jesse A. Roast, Philadelphia, Pa.
"As a general family remedy for Dyspepsia,
Tired Liver, Constipation, etc., I hardly ever
see anything else and have never been disap-
pointed in the advice produced; it seems to be
a perfect cure for all diseases of the Stomach
and Liver."—W. J. McElroy, Macon, Ga.

VICINITY NEWS.

A Few Things That Have Happened With-
in One or Two Hundred Miles
of Here.

The Wellsville fair is in progress this
week.

Cohocton votes on water works next
Thursday.

Nunda expects to have electric light
next month.

George Renwick, aged 92, died in Al-
mond last week. He was born in Spar-
ta in 1801.

The Hornellsville Fair was a success
in every particular, and large crowds
were in attendance.

Nine excursion trains for Chicago
passed over the Western Division of the
Erie Saturday night and Sunday morn-
ing.

Howard Brownell of Castile was
killed by the cars on Thursday. He
was a veteran and was returning from
the reunion at Portage.

Wm. A. Benjamin, a member of Al-
legany Lodge, No. 225, F. & A. M., of
Friendship, has just left his home to
live at the Masonic Home at Utica.

The Teachers' Institute for the
Southern Commissioner's District will
be held at Chapel Hall, in the village of
Belmont, on Sept. 15th. Dr. Isaac
Stout of Geneva will be the conductor.

The contract for the construction of
the new library building for the Wom-
en's Literary and Historical Society of
Belmont has been awarded to George
Benjamin and Philip Bentley. The
structure is expected to cost about
\$4,000.

D. A. Craig, a contractor on the new
road which is being built from Galeton
to Austin, Pa., was robbed a few nights
ago of \$11,000 by his safe being blown
open at Cross Forks. The contractor
intended to use the money in paying
his workmen.

President Craig of the State Board of
Charities has designated Tuesday, Sept.
12th, as the date for the commencement
of the investigation of the State Re-
formatory at Elmira. The committee
will hold its first meetings at Elmira.
Deputy Attorney General Gilbert will
act as counsel for the committee.

Governor Flower has addressed a let-
ter to the managers of the Elmira Re-
formatory, suggesting that in view of
all the circumstances connected with
the proposed inquiry into the affairs of
that institution, Superintendent Brock-
way be suspended pending the investi-
gation, the Board of Managers having
full power in this regard.

A dastardly attempt was made to
wreck No. 18 on the Erie road Monday
evening at the crossing on John Ham-
ilton's farm between Cuba and Eliza-
dale. A tie was spiked on the track
and was not discovered in time to stop
the train but fortunately it was not
secure enough to cause a derailment.
It was cut in two and part of it was
carried into Cuba upon the cow
catcher. It seems that there is a gang
of wreckers operating in this vicinity
and is undoubtedly done out of re-
venge.—Cuba Patriot.

Go to W. H. Phillips' for the best
flour in town.

Those wishing good sand can obtain
it at Langworthy's bank in Alfred, at
75 cents for a common load, and \$1 for
large loads.

W. H. Phillips has flour that beats
them all.

Nature should be assisted to throw
off impurities of the blood. Try a
bottle of HARRIS' Tonic Bitters.

Prices cut no figure on flour when
you get what suits you. See Phillips.

Ayer's Sarsaparilla is one of the few
remedies which are recommended by
every school of medicine. Its strength,
purity, and efficacy are too well estab-
lished to admit of doubt as to its
superiority over all other blood-pur-
ifiers whatever. Ayer's Sarsaparilla
leads all.

daughter, of Rhoden Villa, Buckhurst
Hill, Essex, England, are the guests of
Mrs. Wm. Bines. Mr. Eagles visited
America several years ago when this
nation was prosperous, and while we
regret that he finds industrial condi-
tions so changed, we hope that that in
the visit to the Columbian Exposition,
from which he recently came, he saw
evidence of the nation's advancement
in moral and material growth. Mr.
Eagles was a cousin of the late William
Bines, and is a grain, provision and coal
dealer, transacting business at Bethnal
Green, London.

A Tragic Accident.

The Worcester (Mass.) Telegram in a
recent issue has the following concern-
ing Mrs. Nina Payne, an actress who
has several times visited Miss Nellie
Potter in this place, who is known to
many Andover people, and whose stage
name is Viola Bancroft. She plays a
leading part in the comedy "Cloak"
with Lathrop's stock company:

"I am going to devote the remainder
of this notice to Miss Viola Bancroft,
one of the cleverest ingenues I ever saw.
Although young in years, Miss Bancroft
has had an extended experience in mat-
ters appertaining to the drama, and is a
thorough mistress of her art. Miss Ban-
croft knows how to wear a dress grace-
fully. It comes as natural for her to
act as it does to breathe. Actresses like
Viola Bancroft are born, not educated
to the intricacies of the dramatic art."

Killed by the Cars.

Supervisor T. A. McCormick of West
Union, was struck by Erie train 18, at
8:30 o'clock Wednesday morning, near
Hodgman's Mill, and instantly killed.
He had been in Bath on business as
chairman of the committee of super-
visors of the last board appointed to put
in a new water supply at the County
House. The final meeting had been
held and Mr. McCormick was return-
ing home. He was postmaster at Rex-
ville, and was well known and highly
respected throughout this section. Mr.
McCormick was a brother of Mrs.
Michael Dean, and a brother-in-law of
Mrs. C. McCormick, both of Andover.

Bardeen—Clair.

Married, at the home of the bride's
parents, Mr. and Mrs. David C. Clair,
in Hartsville, on August 30th, 1893, at
3:30 o'clock p. m., by Rev. H. P. Bur-
dick, Mr. Herbert D. Bardeen of Al-
fred, and Miss Hattie Clair.

The day was fine, the company of
friends and neighbors was large,
numbering 117. Willie Johnson was
best man and Grace Acker was brides-
maid. The ceremony was performed
under an apple tree on the lawn. After
the ceremony and hasty congratula-
tions the company was invited into
the house where they were treated to a
bountiful repast.

The presents were useful and costly,
and there was a large number of them.
After a jolly good time, the bride and
groom were taken in a carriage to the
depot where they took the 7:12 p. m.
train for Elmira and other eastern
points. They left the depot under a
shower of rice.

Barnum & Bailey's Big Show.

The population of our entire section
is to be accorded a wonderful and im-
mense treat very soon. The Barnum
& Bailey Greatest Show on Earth is an-
nounced to appear for one day at El-
miraville, Sept. 22d, and excursions on
all railroads have already been provided
for.

Chief among the myriad attractions
is the gorgeous spectacle of Colossal
and the Discovery of America, in which
1,200 people will take part, while the
circus program is unusually long and
inviting by reason of superlatives
anything heretofore presented even in
the Greatest Show on Earth. Five
filled with amazing acts and a new
network of aerial apparatuses that
suggests the multiplicity of the things
that may be seen at one time.

But the feature of features and
one that "out-jumbos jumbos" is "The
Ko," the recently acquired Gorilla,
black orang, a valuable gift of the
jungle, whose outstretched arms reach
over 7 feet when his tremendous
strength has never been fully ascer-
tained, since he easily branches the
strongest logs from both fastenings
and when enraged uses the heavy
stockings of his legs as clubs with
astonishing accuracy and force. He
is undoubtedly the most powerful
of the great apes, and his strength and
agility are truly amazing.
