### What Whisky Fetches.

"What is whiskey bringing?" asked a dealer in that article one day. He meant to ask, how much is it selling for? A gentleman who heard the remark took it in an entirely different sense from that. "What is whiskey bringing, do you ask? I'll tell you. It is bringing men to prison and to the gallows, and it is bringing women and children to poverty and want! There never was a truer answer than this."

It is estimated that it sends to prison every year one hundred thousand men and women. Twenty thousand children are sent to the workhouse annually by drink. Three hundred murders are caused by intemperance every year. Two hundred thousand children are made orphans every year by this dreadful evil, and sixty-five thousand are killed by intemperance every year in this country. Does it seem possible that man will deal out to his brother man such poisonous stuff when he knows that it will prove his ruin?

Edward Atkinson, said to be the leading statistician of our times, says that it costs five dollars a head to run our government, but the annual cost of spirits, beer and wine is fifteen dollars a head.

Phillips Brooks believed in "fanatics" and "cranks," as these words of his testify: "If ever a cause justified fanaticism the temperance cause does. To me there is nothing more disgusting or disheartening to the cause of humanity than the selfish, ease-loving, luxurious man, indulging in dissipation and denouncing temperance fanaticism."

High license works so well (?) in Chicago that there is an increase of 1,000 saloons over the number of last year, thus giving one saloon to every 157 of its inhabitants, men, women and children.

"Happy is the bride whom the sun of prosperity shines on."

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.
