

W. C. T. U.

The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

One thousand five hundred and thirty-nine liquor shops are owned by one hundred and seventy-two members of the House of Lords, England, consequently the temperance question awakens no enthusiasm there.

"Two things Christendom has proved it is unable to cope with. These are the drink habit and the gambling evil. Chicago is today dominated by the saloon and the gambling den. But Mohammedanism is the greatest total abstinence society in the world, and Mohammedanism will not allow the testimony of a gambler in its courts of law. Therefore it seems to me it might be a good thing if the Mohammedans would establish several good living missions right here in Chicago!"—Mrs. Elizabeth Sunderland.

The extent to which the ownership and control of property is passing into the hands of women has not received the attention which its importance justifies. In Boston, alone, women pay taxes on more than one hundred and twenty million dollars. They pay into the city treasury annually in taxes about fifteen hundred thousand dollars, which is expended by the representatives of men, nine-tenths of whom pay only a poll tax of one dollar, and some not even that. As a great and growing power in the business world, as a land proprietor, a stockholder, an employer of labor, and an investor of funds, woman has already acquired an influence in public affairs which ought to be represented by the ballot. The rapid transfer of property from the control of a sex trained for generations for its management, to a sex but recently recognized, is one of the most remarkable social changes ever witnessed.

Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen its severity, and it is the only remedy that will do this. It acts in perfect harmony with nature and aids nature in relieving the lungs, opening the secretions, liquefying the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly. For sale by L. A. Burrows.
