was broken.—*Alfred Sun.*

Street Commissioner Abram Slocum
has been quite sick at his home in this
village. We are glad to state his con-
dition is now somewhat improved.

Don't forget that if you desire to have
water piped into your house it will be
necessary for you to call at the village
clerk's office and sign an application.

Mrs. G. B. Herriek left today for
Covington, Pa., being called there by
the serious illness of her brother, New-
ton Rhinevaunt, who it is thought can
not long survive.

the World's History.

The News says Andover's water sup-
ply is sufficient for 5000 persons. From
this we infer that Andover folks
use water for "chasers?"—*Bolivar Breeze.*
If the Breeze only knew how much
water is required per capita per year in
Andover, it would conclude that our
water supply is enormous.

Arthur C. Sidman is playing "Squire
Haskins" at the Lyceum theatre in
Buffalo this week. The Express of
Tuesday gives him a notice that ought
to make Sidman feel good the rest of
the season. Among other things that
paper says "Squire Haskins" is "a
mighty entertaining performance."

The third annual meeting of the
Western New York Breeders' Associ-
ation will be held at Hornellsville, N.
Y., on January 10 and 11, 1894. Sever-
al prominent speakers are engaged,
and every indication points to an inter-
esting and profitable meeting. The
full programme will be issued in a few
days, and will be mailed on application
to C. K. Mason, Hornellsville, N. Y.

The fair held by the ladies of the
Presbyterian church last Wednesday
evening was a great success, the re-
ceipts being about \$82. The supper
was excellent and the fancy articles
met with a ready sale, and the supply
and variety of these was so great that
everybody found something to suit his
or her requirement. A program, con-
sisting of vocal and instrumental music,
recitations, etc., entertained the large
crowd satisfactorily. A unique feature
was the Baker band, containing about
ten peices, all played by members of
the family of Newell Baker.

School Notes.

The number of foreign pupils regis-
tered in school this term is 48, being a
gain of 11 per cent. over the total regis-
tration of any former year.

A series of chapel speeches has re-
cently been inaugurated. The mem-
bers of the faculty have each given a
talk, and now every morning two or
more members of the Academic De-
partment give a short talk upon some
appropriate subject. This is proving
not only interesting and instructive to
the school, but highly beneficial to
those who give the talks.

School closes Friday for the Holiday
vacation, which lasts until Jan. 2, 1894.
