DYSPEPSIA

Is that misery experienced when suddenly made aware that you possess a diabolical arrangement called stomach. No two dyspeptics have the same predominant symptoms, but whatever form dyspepsia takes

The underlying cause is in the LIVER, and one thing is certain no one will remain a dyspeptic who will

Start the Liver working and all bodily ailments will disappear.

"For more than three years I suffered with Dyspepsia in its worst form. I tried several doctors, but they afforded no relief. At last I tried Dr. J.C. Williams' Pink Pills for Pale People. It is a good medicine. I would not be without it."—JAMES A. ROANS, Philad'a, Pa.
"As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels."—W. J. WOODMAN, N. Y.

Baldwin Brothers' Assets.

J. D. Rathbone, assignee of Baldwin Brothers of Wellsville, has filed the schedule of assets and liabilities. The assets of the firm are placed at \$100,774.31, and liabilities at \$72,800.49. If the sum named as assets can be realized, there appears no reason why depositors shall not be paid in full. It is to be hoped there will be no shrinkage in values when the property is sold.

New Machine Shop and Foundry.

Mr. Daniel Baker of Cuba, son of Mr. Levi D. Baker of this place, has purchased a lot in this village, and will erect a building for use as a machine shop and foundry. He will manufacture his patent ditcher, which has been mentioned in the News, and do general machine and foundry work. He has ordered his machinery from Rochester, and will remove to this place within the next week to begin work on the building. It is intended to give employment to about a dozen hands. All of which we are greatly pleased to announce.

The Supervisor Matter Again.

Last week the NEWS stated that Supervisors in this county would hereafter be elected for one year only, as heretofore. We now find that this is a mistake, and Supervisors and Town Clerks are to be elected for two years, and in towns where there is but one Commissioner of Highways, that officer is also elected for two years. The newspapers, as well as many lawyers and others have been somewhat "mixed up" on this matter, owing to the manner in which the law was placed on the statute books. Last year three laws were passed in relation to terms of office of town officers in the various counties of this State. One was passed in February, one in March and another in April. The one passed in April makes it quite clear that the terms of office are as stated above in this article.

Destitute and Frozen at Arkport.

A woman approached the residence of Milton Colegrove, near Arkport, and fell prostrate upon the porch of the house. Several persons went to assist her and found her unconscious. An examination showed that the woman was bare-footed and in a starving condition. She was removed to a house near by, where a room was prepared for her and she was cared for. Her tracks were followed to a barn where she had evidently taken refuge until forced to seek for nourishment. She was feeling somewhat better in a few hours, but the only intelligent word that could be got from her was "Alleghany." No one is able to identify her and the case is wrapped up in much mystery. Both her feet are badly frozen, and it is feared will have to be amputated.

He states for the benefit of the public that it is called Chamberlain's Pain Balm. For sale by L. A. Burrows, Druggist.

She Fleed from "Old Kentuck."

A dispatch from Penn Yan says: "Miss Alice Hotchkiss returned yesterday from Harlem Court House, Harlem county, Kentucky, where she has been teaching, and is now confined to her bed with nervous prostration as a result of her remarkable experience among the poor while in that state. Miss Hotchkiss left her home in this village about a year ago under the auspices of the Home Missions society, to engage in teaching and philanthropic work among those people, and her interest in them led her to write a private letter to the officers of the board in order to enlist their sympathies in her work. A graphic account was given of the ignorance and degradation existing there, the utter lack of formality and the almost savage lawlessness of the people. Without due regard to possible consequences, the letter was published, author's name and all, and in due course of time a copy of the paper found its way back to Harlem Court House. Its arrival caused a sensation, and a friend warned Miss Hotchkiss that her life was in danger, and that night she was assisted in making her escape. She rode for miles through the wild and rugged mountains, till finally she came to a small railroad station and took the train for home."
