 Everybody who owns a horse and
 cutter, and nearly everybody else who
 could hire or borrow a rig has taken
 advantage of the fine weather and good
 sleighing of the past few days.

Mr. William C. Lever and wife

spent Saturday, Sunday and Monday with friends in Corning and other places.

About 18 members of the Woman's Relief Corps took a sleigh ride to Wellsville last Thursday. They report a jolly time.

Mr. J. A. O'Donnell of Hornellsville was in town Friday. He traded a bay horse for a gray one of E. O. Wescott's and now has a matched pair.

Over 130 reserved seats have been sold for the school entertainment this evening. The hall will doubtless be crowded to its utmost capacity.

Mr. J. S. Goodrich of Chicago, superintendent of the Wabash railroad, arrived in town on train 8 Monday, for a short visit with his daughter, Mrs. A. J. Brown.

Mr. Daniel Baker removed from Cuba to this place last week, and occupies the McTighe residence near the depot. As soon as the weather permits he will begin the erection of his machine shop and foundry.

There is every prospect that the revival services now being held at the M. E. church will give this town a religious awakening such as it has not seen in a score of years. Let everybody attend and help the good work along.

Mr. C. L. Slaughter, general merchant at Scio, is to retire from business the first of March, and is selling off his stock at very low prices. Mr. Slaughter has done a large business and the people of that place will regret to see him go out of trade.

Last Saturday night nineteen young folks, married and single, drove to Whitesville for a pleasure ride. They witnessed the play "Dot, the Miner's Daughter" which was produced at Whitesville that evening by home talent. Everybody in the crowd had a jolly time.

Rev. Father Murray treated the members of the Catholic choir to a sleighride Monday evening. They took a long ride and took supper at the home of Mr. Edward Clancey, near Hornellsville. There was no lack of fun, and Father Murray received a unanimous vote of thanks.

For the past week improvements have been the order at A. M. Burrows' store and bank. The space allotted to the bank having been out-grown, a shift of counters and shelves was made in order to provide more room for that branch of the business, and a fine new desk was placed in position behind the railing. The walls of the store, upstairs and down, were treated to new coats of paint, etc., and the whole interior now presents an attractive appearance.

A subscriber for the News said to us the other day: "I wish you would say through the columns of your paper that those persons who make a habit of borrowing the paper would oblige me by taking a copy and paying for it. It's a nuisance to have to lend a paper that only costs a dollar a year, and I often want to look at it myself." We hope the borrower will take due notice and call and have his name entered on the list. It will put money into our pocket and may save neighborhood trouble.

The services at the M. E. church Sunday evening were attended by a very large congregation, the church becoming so full that many could not find seats, although the aisles were filled with chairs. Evangelist Hathaway preached a powerful sermon, and a large number of persons, many of them young men and women, went forward for prayers. The service was enthusiastic throughout, and it is expected that the present week will see much done for the cause of Christ in this place.

The Angelica Every Week publishes this week the bill of the Superintendent of the Poor, as presented to the supervisors last fall. It is an interesting document (to the taxpayers) and should have a wide reading. We are of the opinion that a great reform could be instituted in the management of the poor affairs of the county. Doubtless the placing of the Superintendent on a salary instead of paying him fees, and also dispensing with the office of Keeper of the County House would have a wholesome effect.

More fresh candy at Benedict & Van Noy's.

Don't waste time, money, and health, trying every new medicine you may see advertised in the paper. If the cause of your trouble is in the blood, liver, or kidneys, take Ayer's Sarsaparilla at once, and be sure of a cure. Take no other.

Company continues to draw big

crowds. They have been here more than a week and people don't seem to tire of the performances, which are as good as are seen many times for high admission prices. This company gives free entertainments the biggest part of the time, occasionally charging 10 cents admission fee to help pay expenses. Their medicines also sell well. The troupe will probably remain here another week.

L. A. Burrows has published a circular of dye receipts, giving full particulars how to dye in the old fashioned process, and will be glad to furnish any one with a copy free of charge, who will call at his drug store and ask for one.

Don't forget to read the advertisements. They are the most interesting portion of the paper, and it will be money in your pocket to peruse them carefully.
