

J. E. Cannon Appointed Postmaster.

Last Thursday morning the paper announced the appointment of John E. Cannon to be postmaster of Andover. On Saturday Mr. Cannon received notice of his appointment from the Department at Washington. He has forwarded his bond for approval and in the ordinary course of affairs should receive his commission within the next few days. He will keep office where it is now located, for present at least.

As is well known to many of our readers, Mr. Cannon will assume the duties of his office with a full knowledge concerning those duties, he has served as deputy under postmaster Frisbey, during President Cleveland's former administration. It is no matter of doubt as to whether Cannon will prove competent to charge the duties of the office satisfactorily to the people and the Department. His former connection with the office, and his well known business abilities, render discussion of the feature of the matter entirely superfluous.

While the NEWS takes great pleasure in congratulating Mr. Cannon on the fact of his selection, we feel an equal pleasure in congratulating the people in advance upon what is sure to be the continuation of the very efficient service which the patrons of this office have enjoyed in the past.

This leads us to say a few words concerning the retiring postmaster, John E. Green, who has held the office for past four years and nearly nine months. If there has been a better conducted office in Allegany county, or in any other part of the United States, knowledge of that fact has not yet reached the Andover NEWS office, and we doubt if facts making a showing have come to light at Washington. The service has been at a very top notch of excellence in all details, and Mr. Green has improved every opportunity to increase and better the facilities. The receiving and

assortment, and an immense stock of General Merchandise, we ask your patronage and support, and our success in the past gives us the courage to ask for its continuance in the future. Every department in our store is crowded with new attractions. We do not need to mention anything in particular, for our customers are numbered by the hundreds, and we are proud to say the number is constantly on the increase. Therefore we only ask you to walk through our Seven Department Rooms and look for yourselves. One thing we do boast of, and feel proud of, and that is that

Andover is THE Town to Buy Goods In,

and not only that, but to live in; and we are glad we are still in it.

While other towns are complaining of dull times, and dull trade,

ANDOVER CAN NOT DO IT,

and we honestly declare that our trade was never better and our store never received a greater number of daily callers for the season of the year than now. We are in the market for all kinds of Produce, and defy any general store in Allegany county to show a larger purchase of Farmers' Country Produce than we can for the past twenty years. Some people wonder why we keep such a large number of clerks. What for, do you think? Let me ask such, did you ever see them standing around with folded hands waiting for customers? or is it not a fact that if anything you have to wait for a chance yourself to get wated upon? We have always claimed, and do now, that any merchant can drive away trade by always grumbling about the success of his competitors, and talking hard times to his customers. We have no time for such nonsense.

WE ARE TOO BUSY,

and ask you to call and add one more to the throng, and instead of going out of town to buy that new Carpet, or Dress, or Suit of Clothes, or forty other things, and on examining goods and prices after you get home find that you could have found even

Better Goods And Lower Prices At Home,

and by so doing added to the value of your own real estate by giving your own town the patronage it deserves, and which you honestly owe it. In saying this, we believe we express your own candid opinion, therefore we will not differ.

Without meaning anything personal in these remarks, but with a view of standing by our own thriving town, we hope to convince you that it is for your interest as well as ours to spend your money in your own village and thus

Encourage Home Industry,

and make it an object for home merchants to keep an assortment they could not keep but for your patronage.

To Our Greenwood Patrons

we would say, we are glad to inform you, that we have secured the services of Mr. Benjamin Brundage, as an additional salesman, and can assure you that he will be pleased to see you in his new quarters, and will show you the same attention as heretofore; and from your former acquaintance and dealings with him we are sure you will call on him often when in our village.

With one more cordial invitation to call early and often, I am Sincerely Yours,

A. M. BURROWS,
