The Woman's Christian Temperance Union of Andover meets the first and third Thursday in each month.

There is not a ship or gunboat in the English navy but has a branch of the Royal Navy Temperance Society on board, thanks to Miss Agnes Weston. Last year two thousand seven hundred and forty pledges were taken by boys on training ships.

The Indian training school at Carlisle, Pa., lately conferred diplomas on 19 Indians representing 10 tribes. They had completed the course of study and will now work among their own people. Four Indian chiefs were present and made addresses.

Woman suffrage in Wyoming has a record of which its friends may be proud. In the ten years from 1880 to 1890, the ratio of crime to population fell off more than half, though it is said to be increasing in other parts of the country. Wyoming's neighbor, Oregon, has three and one-fourth times as many offenders. In all the prisons of Wyoming not one woman was ever imprisoned for any offense whatever. The Wyoming house of representatives itself has declared that under woman suffrage the jails of the state are almost empty.

Do you want to know where a boy usually begins to be fast? With a cigarette. It is the lad's first step to bravado, resistance of sober morality, and a bold step in disobedience. Just now take the matter on the scientific side. Tobacco blights a boy's finest powers, wit, muscle, conscience. Nations are legislating against it. Germany, with all her smoke, says: "No, tobacco in the schools." It spoils their brains and makes them too small for soldiers. Knock at the great military institutions of France: "No tobacco," is the response. Try West Point and Annapolis—"Drop that cigarette," is the word. Indeed, smoking boys are not likely to get so far as that.

The Editors Meet.

Last Friday the Newspaper Publishers' Associations of Livingston and Allegany counties met at Canaseraga, by invitation of F. S. Miller of the Canaseraga *Times*. The following named newspaper men were present: J. W. Burgess and M. H. Fowler of the Dansville *Breeze*; Oscar Woodruff, Dansville *Express*; A. O. Bunnell, Dansville *Advertiser*; A. R. Scott, Geneseo *Republican*; Geo. M. Shull, Mt. Morris *Enterprise*; C. K. Saunders, Nunda *News*; F. S. Miller, Canaseraga *Times*; Judson Howden, Fillmore *Observer*; F. W. Knowlton, Wellsville *Reporter*; A. E. Cowles, Wellsville *Democrat*; Jno. M. Mosher, Alfred *Sun*; Jno. P. Mosher, Alfred *Recorder*; G. W. Fries, Friendship *Register*; V. A. Willard, Belmont *Post*; W. F. Benjamin, Rushford *Spectator*; H. C. Norris, Andover NEWS.

The object of the meeting was not so much the transaction of business as it was to meet brother editors, get acquainted, and talk over matters in an informal way; and we believe no person present could have enjoyed himself more in the same length of time in any other manner. It gave the Allegany publishers much pleasure to meet their Livingston county brothers, and it is to be hoped the acquaintances formed upon this occasion will ripen into long-continued friendships. This seemed to be the sentiment of all present, and to this end a committee, consisting of the President of each Association, was elected to arrange for another joint meeting at Portage early in the coming summer. It is probable that newspaper men of other counties will be invited to be present at the Portage meeting.

The meeting last Friday, as is above stated, was arranged by Mr. Miller, of the *Times*, and he and his worthy helpmate took it upon themselves to serve a dinner, or banquet, to assembled guests (a task concerning which most people would take a long second thought before undertaking.) In addition to the scribes, Mr. Miller invited several of the business and professional men of Canaseraga to share the hospitalities, and when the dinner hour arrived his pleasant, commodious home was well filled with a jolly crowd of people, as were the tables with all the substantials and delicacies that money could purchase or skillful hands prepare.

When the company arose from the tables, the timepieces indicated that only a few moments remained before train time, and those few moments were spent in congratulating each other upon the pleasures of the occasion, and Mr. and Mrs. Miller upon the success of their part of the program.

During the afternoon, several short speeches were made, and the last act of a business nature was the adoption of the following resolutions:

At a meeting of the Newspaper Publishers' Associations of the counties of Livingston and Allegany, held at Canaseraga, N. Y., on the 6th day of April, 1894, the following preamble and resolutions were unanimously adopted:

WHEREAS, by the grace of an overruling Providence we have been permitted to meet at Canaseraga, N. Y., to enjoy the kind hospitality of our friend and brother editor, Mr. F. S. Miller, at his home; therefore,

Resolved, That we tender to him and his estimable wife, our sincere thanks for their generous treatment, and the kind consideration of all our wants upon this occasion.

Resolved, That we hope and trust that we may be able to get even with him in the near future, and that copies of this preamble and resolutions be forwarded to the papers of Allegany and Livingston counties, with the request that the same be published.

"Six days shalt thou labor," says the great lawgiver. To do good work, man must be at his best. This condition is attained by the use of Ayer's Sarsaparilla. It overcomes that tired feeling, quickens the appetite, improves digestion, and makes the weak strong.

LA GRIPPE.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at L. A. Burrows drug store. 6

STRENGTH AND HEALTH.

If you are not feeling strong and healthy, try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. Use Park's Tea for headache, constipation and "that tired feeling?" It purifies the blood, beautifies the complexion, acts upon the sluggish liver and moves the bowels every day. Only herbs and plants, safe, sure and pleasant. Sold by Benedict & Van Noy.

The confidence that people have in Ayer's Sarsaparilla as a blood medicine is the legitimate and natural growth of many years. It has been handed down from parent to child, and is the favorite family medicine in thousands of households.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED,

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

A SAD FATALITY.

Bennie Miner is Run Over by the Cars, and Loses His Life in Consequence.

One of the saddest accidents that we have been called upon to record in a long time happened last Saturday to Benjamin H. Miner, aged 13 years, youngest son of Mr. and Mrs. H. H. Miner of this place.

In company with another boy, Bennie was riding on some freight cars from which cinders were being unloaded west of the Andover station. After the cars had been unloaded they were run onto the side track and the brakes being set they did not run far enough to clear the main track. The engine backed up against them for the purpose of shoving them further on the switch, striking the cars on which the boys were with considerable force. Bennie not being prepared for a sudden jolt, lost his hold and fell to the ground directly in front of the moving wheels. His right leg was caught in such a manner that the limb was crushed from the ankle to the hip (the wheels passing over almost the entire length of his leg).

The unfortunate boy was picked up and taken on the engine to the Main street crossing and from there was carried in a wagon to Dr. C. W. O'Donnell's office where a consultation was held by Drs. O'Donnell, Comstock and Stillman. It was decided that the leg must be amputated which was done by Dr. O'Donnell assisted by the other two above 'named physicians. At Miner's request Dr. Crandall of Wellsville was sent for, but he did not arrive until some time after the operation had been performed. Fears were entertained that the injured boy might not survive the operation, but the injury was so extensive that it was utterly impossible to save the leg, and under the circumstances, nothing else could be done. The patient regained consciousness about six o'clock and apparently rallied in good shape from the operation while he was removed to his home soon after
