Mr. Hiram Davis is seriously ill at the home of H. D. Smith. He is nearly 90 years of age and little or no hope is entertained of his recovery. In fact his death would not be unexpected at any time. His son Henry Davis of Waterford, Pa., was sent for and arrived Sunday.

Guinn, late of Hartsville, vs. James Guinn. The action grew out of a dispute over some real estate. The plaintiff was nonsuited on two principal points, and a compromise was effected on minor details, the whole resulting in a verdict, by direction of the court, in favor of the defendant, for \$42.50.

It is expected the time will be thus occupied until about 8 o'clock p. m. Skeleton Unearthed at Oramel.

The Oramel correspondent for the *Rushford Spectator* says:

"This unusually staid old town of Oramel was thrown into a state of wild excitement last Wednesday by the unearthing of a human skeleton in the gravel pit, just opposite of Jones Gleason's residence, by J. Armstrong, who was working on the road. The news spread rapidly, and many stories were soon afloat regarding the mystery, which remains as deep as ever, notwithstanding the many theories. That it is a part of a person, who met death violently, is proved by the skull which is broken in, as if by some blunt instrument, and that the remains were hurriedly buried, is indicated by the position in which the bones were found. Who is it, or by whom it was placed there will probably never be known. The story which seems to be favored by most people is, that 35 or 40 years ago a young lady came to this place, but soon after disappeared rather mysteriously, and was supposed to have been put out of the way by some prominent persons who then lived here, to conceal a serious crime, as she was last seen in their presence. Diligent search by the authorities however failed to reveal any trace of foul play, and the matter finally blew over to be brought to light in this manner. It is possible too, that they are the remains of some unsuspecting traveler who was passing through here when the town was booming, and was waylaid by footpads, and deprived of his life and earthly goods, and deposited in that hole, food for the earth worms."

If you wish to join something big don't join E. K. O. R. If you wish to join a perfectly solvent association you cannot do better than to select E. K. O. R.
