The Chautauqua Assembly grounds have been placed in charming condition for the summer school. Never before have they looked so pretty as this season. Not much work of a public nature has been done there since last season except in the way of a general cleaning up of streets and lawns. Most of the cottages on the grounds have been repainted, and, where they needed it, repaired, and new ones built.

The committees who canvassed the various towns in this county for signatures to a petition asking the constitutional convention to strike the word "male" from the clause prescribing suffrage qualifications in this State, have completed their work, and they have been footed up. It is always safest to advertise for claims in settling an estate and thus prevent future trouble. Hornellsville's armory project it at a standstill because the estate of Mrs. Windsor, on whose land the armory is to be erected, never advertised for claims and the state will not accept the title at present.

A meeting of those interested in forming a Political Equality Club in Andover will be held next Monday evening at the residence of Mrs. E. S. Bradley. The expression, "those interested," is not intended to confine the attendance those who are most active in the work, or have signified their intention of joining the organization, but is meant to include all who are in favor of equal suffrage and will attend the meeting. Gentlemen as well as ladies are included in the invitation, and it is hoped there will be a large attendance. We assure the people that everybody will receive a cordial welcome. These clubs are being formed in many places, and speakers of wide repute are engaged to discuss the question at public meetings. It is the intention to carry out this line of work here, and it is desirable to form as large a club as possible. Don't forget the date and place, and don't fail to be on hand.
