How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.
As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced. It seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
W. J. McELROY, Macon, Ga.

Mrs. Miller at Wellsville.
Tuesday's Wellsville Reporter says: "Last evening's lecture before the P. E. Club and its friends, was a pronounced success. To say that every one present was perfectly delighted with the paper of Mrs. W. W. Miller, of Andover, upon 'Why we seek the Ballot,' but mildly expresses the truth."

Crowds at Chautauqua.
A correspondent says: From 100 to 300 trunks arriving daily by steamer alone; every boarding-house on the grounds doing a good business; over 300 guests at the Hotel Athenaeum; all the departments of the college going at full blast with an increased attendance over last year; all the numerous special classes and clubs in session and almost every minute of the day occupied by some attraction of the popular program, gives one an idea of the way things have opened up at Chautauqua this season. The attendance so far is much in excess of that of this time last year and all indications are more promising.

Effect of the Strike at Home.

[From the Chicago Post.]
"It's all going our way!" exclaimed the man in the flannel shirt, rushing into the house. "We're winning."
"Winning what?" asked his wife in that cold, hard tone that women know how to make so effective at times.
"The strike," he cried exultingly. "What else should it be? We've practically shut up the stock yards."
"Yes," she returned in the same chilly way, "the butchers told me today that the price of meat had gone up."
"He winced a little, but did not despair."

"A trifle," he said. "We must suffer some for principle. But we have all the best of it. We have train loads of perishable freight tied up in nearly all the yards."
"And the price of vegetables has gone up 25 to 50 per cent.," she suggested in the same uncompromising tone.

"The ice that the bloated capitalists need in their business is melting on the tracks," he exclaimed in desperation. "It must be," she returned. "We have no more chance of getting it than we have of getting diamonds."

"Mary," he said with some severity. "You don't seem to look at this thing right. We will score a great victory against capital and—"
"Have you any money tonight," she interrupted.

"Of course not. You know I've struck in this great battle."
"The butcher won't trust us any more."
"Devil take the butcher!"

"The grocer knows you're out of work and insists on cash in advance."
"I'll report him to the Union."
"But that won't give us anything to eat," she retorted in her unfeeling way. "You've cut off your wages and raised the price of provisions. Now just sit down and figure whether that is going to hurt you or Mr. Pullman the most, and when you've got that settled just see if you can tell me how to get something for supper."

He is still working on the problem.

County Firemen's Convention.

Saturday's Wellsville Reporter says: The executive committee of Allegany County Firemen's Association met in this city yesterday. The date of the first annual convention was fixed for September 26th and 27th at Wellsville and the arrangements for the meeting, grand parade on the second day, horse races and a general celebration were made. About twenty companies in the county will probably be present to participate.

INDEPENDENCE NEWS.

Wonder if your Spring Mills correspondent has got the "grip," that he (or she) is so hilarious?

Miss Carrie Clark is taking a vacation among friends at Spring Mills.

Miles F. Livermore, with Beebe, Williams & Co., Andover, was over to see his parents Sunday.

Mr. James Wallace and family of West Union, were callers at W. J. Potter's Saturday evening.

Mr. and Mrs. Josiah Warfield and children, of Andover, visited W. J. Potter's Sunday.

Gumption had gas introduced into his kitchen stove the 12th inst., and thinks it's bully.

Refreshing showers for the past two days chirped up vegetation wonderfully. Thanks, Mr. Clerk of the weather.

The gas was shut off "as quick as a wink" last Friday afternoon, and it is said the pipe was broken by a mowing machine passing over it, but the leak was soon repaired.

Mr. and Mrs. J. T. Livermore visited friends in Genesee Forks, Pa., from Friday to Saturday evening, last week.

In this out of the way place we do not see any "young Misses from Ulysses, (or any other else for that matter,) riding gracefully on wheels," unless it's a carriage or dog cart or Shank's horse.
Gumption.
