Is Life Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order—the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirit is depressed, a heavy weight exists after eating, with general depondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

I have tested its virtues personally, and know that for Dyspepsia, Biliousness, Throbbing Headache, it is the best medicine the world ever saw. Have tried forty other remedies before Simmons Liver Regulator, and none of them gave more than temporary relief, but the Regulator not only relieved but cured.

A Hasty Runaway.

Mr. Prentice Burdick of Elm Valley came to Andover Monday to get a load of window sash for the new house he is building. The sash were made by E. L. Hann on VanFleet's hill. Mr. Burdick loaded his wagon and drove down the hill in fairly good shape, although one of the horses was very uneasy and some difficulty was experienced in keeping the team under control. When the horses reached the foot of the hill they became unmanageable and ran down Center street. The load of sash was tipped over near Dr. Branard's residence, and the horses were released from the wagon. They ran across Main street to the depot, where they circled around and took it down the railroad track, not stopping until they reached the bridge west of the depot. They fell between the timbers of the bridge and being unable to extricate themselves remained until help came. They were finally rescued, and aside from a few scratches, were uninjured.

Some of the window sash were broken and otherwise injured, but the result might have been much worse, as it was a remarkable escape for the horses. A freight train coming east had to be flagged and held until the horses were removed from the railroad bridge.

Christian Endeavor Notes.

The members of the Presbyterian C. E. were pleased to have as their leader on Sunday evening last Mrs. F. B. Hardy of Britton, Mich., who was the first President of the Society.

During these warm enervating days, when there is considerable sickness, and many are either away on vacations or entertaining company, it is necessary for every member to be present if possible at each meeting, to keep up the interest and not let the work grow dull.

A suggestion has been made by the district Secretary that the C. E. societies of the county join at different points in the County, and hold Group Meetings. This seems a good suggestion. Such a meeting was held at Wellsville a short time ago by the Epworth League and we believe was a decided success.

The Topic for Aug. 5th is "Plain Living and high thinking." Mark 10: 22-31.
