

THE ANDOVER NEWS

ONE DOLLAR A YEAR.

HAMILTON C. NORRIS, EDITOR

ANDOVER, N. Y., August 3, 1894.

In Chicago more than 50 per cent. of the voters are foreign born and in New York 49.98 per cent. These facts, if kept in mind, will explain much that would otherwise be puzzling.

It looks very much as if Levi P. Morton would be the nominee of the Republican State Convention for Governor of this State. Should Mr. Morton be elected Governor of New York he will establish a new record among former Vice-Presidents, not one of whom has ever attained an executive office by popular election in his own State.

These are some of the recent notable recruits to the Salvation Army: The Rev. Edward Everett Hale of Boston, Miss Grace Dodge of New York, Miss Frances E. Willard of Chicago, and the Rev. Dr. Richards of Plainfield, N. J. Dr. Richards is at the head of the Presbyterian Board of Foreign Missions. None of these distinguished persons, however, will appear on the streets with tambourines, for they have joined only the auxiliary league.

The Chinese and Japanese are banging away at each other, most of their engagements so far having been on the water. A ship containing 2,000 Chinese soldiers was sunk by a Japanese man of war and nearly all on board drowned. The Japs are the best fighters probably, but when it comes to numbers the pigtaileds can send out five soldiers to their one. These two nations had a war with each other about 300 years ago, which was over Corea, as is the present difficulty. War was formally declared between the two countries Wednesday.

New York State has decided that alien laborers must go, at least so far as public work is concerned. Among the laws adopted by the Legislature this year is one decreeing that none but citizens of the United States may be employed on any State or municipal work, and the people of the State show a disposition to see that the law is enforced. The Grand Jury at Buffalo has just returned an indictment against Henry J. Warren, Superintendent of the Barber Asphalt Company, for employing Italian laborers on the streets of the city, which his company is paving.

There is much talk among certain Republican politicians about Allegany county being "betrayed" and "sold out" at the recent Congressional Convention. The facts are that until about a week before the Convention was held, there was but one candidate for the nomination for Member of Congress, and he was W. B. Hooker. John McEwen of Wellsville secured 36 votes in the convention, which was more than he could reasonably have expected to get, under the circumstances. If Mr. McEwen had announced his candidacy early in the season, he would have stood a far better chance of receiving the nomination—indeed it may be said he would probably have been nominated, provided three or four chronic office seekers in this county could have been kept out of the field, and the full strength of Allegany's delegation given to Mr. McEwen, who is worthy to receive it. The trouble with Allegany is that several would-be office holders, for whom the people really have no use, always bob up at the wrong time, and the only result of their efforts is to divide the county's strength. When the people of Allegany county shall solve the problem of how to unite her forces, in absolute good faith, she will be very likely to see one of her citizens nominated for Congress. And until she can do this she will be very likely to see one of the other counties walk off with the prize.

The Greenwoods... found on a high mountain... miles northwest of Andover... day, where he evidently committed suicide with a razor, found near him. He was about 66 years old and left a widow and five children. Domestic trouble was probably the cause of the rash act. He had several times threatened to take his life. The identification was made by his clothing, an old pipe he always carried and a bottle containing vinegar, which was older when he took it from home.

A FRIEND

Speaks through the Boothby (Me.) Register, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."
