

It gives us pleasure to announce to our lady friends that we have secured the services of Miss Bertha Champlain as head trimmer in our Millinery Department for the coming Fall season.

Miss Champlain has had seven consecutive seasons' experience with the firm of Oaks & Cahoun, Rochester, the leading milliners of that city, and is thoroughly conversant with every detail of the work. She leaves soon for New York city to spend two weeks studying the Fall Styles and purchasing stock.

THE ANDOVER NEWS.

The News office is located in the Prest block on Main street. Entrance through the hallway, first door north of Lever's harness store.

At a meeting of the Allegany County Publishers Association, held at Bolivar, April 23, 1892, the following rules were unanimously adopted to take effect the week beginning May 9, 1892:

Rule 1.—That not less than 5 cents per line be charged for resolutions of respect, and local notices of entertainments from which revenue is to be derived.

Rule 2.—Cards of thanks to be charged \$1.

Rule 3.—Obituary notices, except such as are published as a matter of news, and lists of wedding presents to be charged for at not less than 5 cents per line.

A Few of Andover's Advantages.

Five churches.

A Union School and Academy that is not excelled by any school of its class as an institution of learning.

A newspaper that prints the news and does what it can to advertise the town and its advantages, and also believes in doing whatever will increase those advantages.

An incorporated village, whose affairs are conducted on business principles, giving the inhabitants the best administration of village affairs and a low rate of taxation.

Handsome residences, pleasant, shaded streets, good sidewalks, all contributing to make this one of the most desirable places of residence that can be found.

An abundant supply of natural gas for fuel and lights, the convenience of which cannot be overestimated.

A perfect system of water works, insuring adequate protection from fire and an unlimited quantity of the purest of spring water for domestic use.

Shulz's Cure is sold on a guarantee. It cures incipient consumption. It is the best Cough Cure. Only one cent a dose. 25c, 50c, and \$1.

Oh, the farmer is sick.
For the dust's a foot thick
And no joke is so dry as the ground;
The buckwheat is naught
And the milk crop is short
And the grasshopper-hoppeth around.

Read the ad. of the new barber shop.
The Board of Trade hasn't been organized yet. Why?
The Hornellsville Fair is drawing the usual large crowds from this section.

The dance last Thursday evening was attended by about forty couples, and everybody had a nice time.

Andover Lodge No. 558, F. & A. M., will hold its next regular communication next Monday evening.

The blackberry crop is unusually large this year, and the fruit is very fine, notwithstanding the drouth.

Mr. A. C. Frisbey raised in his garden a cucumber fifteen inches long and of proportionate size in circumference.

The water is low in the creeks and wells, but the reservoir on the hill is full, and we ought to be thankful for that.

Almond will soon have another weekly paper. It will be called the Almond Chronicle and Farmers' Journal. Murray Rumsey is the editor.

The Wellsville Fair occurs next week and will draw large crowds from this vicinity. The attractions offered this year are unusually good.

The sewer running through Center street west of Main is being enlarged, to accommodate the high water which comes several times a year.

One of our townsmen who as a base ball artist was some on the fly, says he knows that crude kerosene will knock the Russian fly silly.

Mr. E. A. Cottrell is at the Hornellsville Fair this week with his horses, and is also showing his adjustable wide wagon tire to the multitude.

The Bolivar Breeze last week consisted of 16 pages, and was printed on a new press. The Breeze is one of the liveliest of Allegany's live newspapers.

The buckwheat crop is suffering severely from drouth and grasshoppers. Indications are that, next winter, buckwheat cakes will have to be made of corn meal.

It is never too late to learn how to receive congratulations gracefully. Mortimer Lewis is receiving them now; cause—10½ pounds of boy baby, born Sunday of last week.

Married, at the residence of the bride's parents, near Whitesville, N. Y., Aug. 20th, 1894, by Eld. M. Harry, Mr. William Ladd of Spring Mills, N. Y., and Miss Emily E. Rice.

During this dry time, nothing is more appreciated than the abundant supply of water afforded the people of this place, through their enterprise in constructing water works.

A townsman who is a practical farmer says the "paint brush" can be exterminated by turning it under deeply for two years. He is sure that deep plowing will kill the pest.

The Political Equality Club will meet with Mrs. A. C. Frisbey Monday evening, Sept. 3rd, at 7:30 o'clock. All members are urged to be present, as there is important business to be considered.

The News presses will soon be run by water power, and we offer for sale the two horse engine now in use. It was built by B. W. Paine & Sons of Elmira and will be sold at a reasonable figure.

Mr. Levi D. Baker has sold his new house on Chestnut street to Mr. Herbert Padden, who will occupy the premises. Mr. Baker is moving back to his place on the corner of Greenwood and First streets.

Mr. A. P. Wood has bought the house on Second street heretofore owned by Mr. Eugene Lee of Wellsville. Mr. Wood has painted the outside of the house and will repair the interior before moving into it.

It is announced that Secretary of State John Palmer will be in Wellsville and address the multitude one day during the Fair. This will prove a drawing card, and there will be thousands in attendance to listen to him.—Democrat.

Saturday was the 78th birthday of Mrs. F. B. Dunning and a number of friends and relatives made her a surprise visit which was enjoyed by all.—Belmont Dispatch. Mrs. Dunning is the mother of Mrs. O. P. Crandall of this place.

How nice it would be if the village would buy this grove and fit it up for a park, was the expression heard on all sides at Maple Grove last Thursday, where the Harvest Home was held. It is a fact that there is not a more pleasant grove in Allegany county, not excepting the one used by the Cuba Temperance Assembly.

At the Prohibition caucus held last Saturday evening, L. C. Van Fleet, J. M. Leech, John Casey, Mrs. W. W. Miller and Mrs. G. B. Herrick were elected delegates to attend the County Convention held in Belmont yesterday.

We understand there is good prospect that one or more new streets will be laid out across the flats opposite the depot. This would accommodate a large number of people and open up new and valuable territory for use as building lots.

The Utica Clothing Store of Wellsville has contracted for advertising space in the News, and the attention of our readers is directed to the announcements. A man who patronizes a live, up to the times store gets the best value for his money.

The Presbyterian Harvest Home, held last Thursday, was one of the most successful ever held. A very large crowd was in attendance, the weather was perfect, and nothing was lacking to make the occasion enjoyable in every sense. The addresses were all that had been expected, and Messrs. Robbins, Bloese and White will receive a cordial welcome in Andover at any time that they or either of them may favor us with their presence again. The total receipts were \$140.

And now the potato vine has a new enemy. Mr. Lewis Corwin yesterday brought to this office a bottle containing specimens of a black bug, about three-quarters of an inch in length, which he found on potato hills in L. Pingrey's field. The bugs completely covered the hills; and their plan of action seems to be to strip one hill and move in a body to another. Their presence in this section was not suspected until Mr. Corwin ran across them by accident. Mr. Pingrey treated them to a dose of Paris Green with pleasing results. Every farmer should examine his potato field at once, and if any of these black bugs should be found, prompt action should be taken.
