## How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

**NEVER BEEN DISAPPOINTED.**

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever see anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

### Death of Matthew White.

Matthew White died at the home of his sister, Mrs. Michael Clark, in this village, on Friday, September 7, 1894. Mr. White had been in ill health for several years, and had during that time passed through periods of illness from which his recovery was not expected. His last attack proved more than his enfeebled constitution could stand. The deceased was born in county Sligo, Ireland, Aug. 22d, 1812, and had lived in Andover, and vicinity for nearly 50 years. His farm has been a familiar one to every resident of Andover, and he was well known throughout this section. He resided on South Hill nearly 40 years, and since the death of his wife, nearly three years ago, he has lived with his sister, Mrs. Clark.

Funeral services were held at the Catholic church Monday, and were attended by a large number of relatives, friends and acquaintances.

Our reputation on this line extending now over a good portion of the state, is increasing each season.

### Burglars.

Last Thursday night burglars entered the stores of E. J. Atwood and M. H. Harman. At Atwood's they secured eight pennies, which was all the change there was in the drawer. At Harman's they fared better, and took six or seven dollars in small change from the money drawer. Their object seems to be to get money, as little else was thought to have been disturbed.

Friday night the residence of G. M. Barney was entered, and about three dollars taken from Mr. Barney's clothes, which were in his bed room. The intruders were heard, but not soon enough to prevent their escape.

In each instance entrance was made through a back window.

Rev. Anna Shaw.

It is not often that the people of Andover and vicinity are permitted to listen to a public speaker who has the reputation and ability possessed by Rev. Anna Shaw, who is to speak in Prest's opera house in this village Saturday evening of this week. Her subject will be "Woman's War For Peace," and this address is pronounced one of the best on her list of lectures. She comes to Andover under the auspices of the Political Equality Club, which is certainly deserving of a vote of thanks for providing our people with an opportunity to hear this great lecturer, and it is hoped the citizens will give her a welcome which will be appropriate to the occasion and the speaker. Let everybody attend without fail. No admission fee will be charged, but a collection will be taken to assist in defraying expenses.

### New Bank Building.

The Directors of the Andover State Bank have decided, by a unanimous vote, to erect a building in which to carry on the banking business, and a lot has been purchased from B. C. Brundage for that purpose. The site selected is on the corner of Main and Greenwood streets, north of Mr. Brundage's office building, in which the bank is now located. The building will be of brick, two stories in height. The Directors have already held a conference with an architect, and another meeting will be held this week, to consider plans, etc. The work of erection will begin within a week or two, and be pushed rapidly to completion.

It is needless to say that the new building will be not only an ornament to that portion of the village in which it will be located, but also a model of convenience for the purpose for which it is intended, and a lasting improvement to the town.

### Andover Water Works are All Right.

The long drought has been broken, but it was of sufficient duration to give our water works plant a good test, and to say that the supply of water "kept up" splendidly is putting it mildly. No decrease in the quantity furnished by the springs has been noticeable, and water has been lavishly used, not only for indoor purposes, but also for sprinkling lawns, streets and gardens. The remark "What would we do without water-works?" has been frequently heard. The dust has been kept down all summer in front of the residences and business places of those who are connected to the line, and these people have also had an abundant supply of pure water for domestic purposes, instead of being compelled to use water of questionable purity from wells which were nearly dry. In many places which have water-works the supply has been limited, and people were compelled to use as little as possible in order to avoid total failure of the supply. Not so in Andover; we have, so to speak, had "water to give away," and could have supplied some of the outside towns with all they needed, and have had enough for ourselves besides.

### New Dress Materials.

You will be able to see all the choice new Autumn Dress Fabrics on the occasion of our Millinery Opening.

We suggest selecting your new gown then, while lines are complete, and furnishing the costume with Millinery to harmonize.

J. HARRIS & SONS,  
Hornellsville, N. Y.

### MILK MAIDS' CONVENTION.

The Milk-Maids' Convention, which will be held in Prests opera house Sept. 19, will be an entertainment of more than usual enjoyment, and everybody should arrange to attend. It will be worth more than a week's board as a flesh producer, and is warranted to be a better tonic than a doctor's prescription.

The admission price will be 20 cents; children 15 cents; reserved seats 30 cents. The latter may be obtained in advance at L. A. Burrows' drug store.

### Hyland-Padden.

On Wednesday, September 5, 1894, Mr. Patrick Hyland and Miss Celia Padden were united in marriage at the Church of the Blessed Sacrament in this village, Rev. T. A. Murray officiating. In the afternoon of the same day a reception and dinner were given at the home of the bride's parents, Mr. and Mrs. Patrick Padden.

Both of the newly wedded parties are well known and highly respected, and their many friends tender them the usual congratulations and good wishes.

### Knapp-Blowers.

At Troupsburg, at the home of the parents of the bride, Mr. Frank Knapp and Miss Blanche Blowers were united in marriage, Aug. 29, 1894. The ceremony was solemnized by Rev. F. L. Blowers of Dayton, Ohio, who is brother of the bride. The bride is a sister of Mr. Claude Blowers, a former citizen of Andover. The ceremony was performed beneath the spreading branches of the orchard, within an arch made beautiful by potted plants. The supper was spread in the orchard. Only immediate relatives were present. The couple will make their home at Annin Creek, Pa., the home of the groom.

### Firemen's Convention.

The first annual convention and parade of the Allegany County Firemen's Association, to be held at Wellsville September 26 and 27, will be the largest affair of the kind ever held in this county. On Wednesday, September 26 will occur the free for all horse race, with prizes of \$100 and \$50. On Tuesday the grand firemen's parade will take place, and will be participated in by 30 companies and 12 bands. There will also be a hose, hook and ladder, foot and bicycle races, and a prize drill. The Bath Soldiers' Home Band will be present, and will be worth going miles to hear. There will be great crowds of people in Wellsville on the dates named.
