How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy. NEVER BEEN DISAPPOINTED.

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever see anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

We are Giving.

bigger value for your hard earned dollar than ever before.

"THE UTICA" is the household word for **GOOD CLOTHING** at cheap prices. Times are hard, that's true; nevertheless, we are selling goods. And why? Because we study your interests. Don't run **AWAY** with the idea that you can do better. Our past record proves our reliability. Men's suits at \$8.00, strictly all-wool, same as you pay \$10 and \$12 elsewhere. The \$10 and \$12 suits must have been tried on, it will not take you long to decide. Ladies are surprised how cheaply we dress their children in a nice, stylish suit.

CUSTOM TAILORING.

Our ready-made Clothing is not made in or about our store. Therefore no temptation exists to use "ready-made" labor on custom tailoring. Fall is here. Of course you cannot greet her with an old suit of clothes. The tailors are here. Will you be here today? You can get a good suit for \$20. You can pay more and get finer goods and work. But you cannot get poor clothes at high prices here. We are making fully one-third more Men's Suits to measure than last year at this time. Have been doing it for a month past. Good reason why: Goods that would ordinarily be \$40 and \$45 the Suit, made up, are going at \$35, and \$35 suits are in reach at \$28. Full Dress Suits, silk lined, \$40.

FIREMEN'S CONVENTION AT WELLSVILLE

The Citizens' Hose and Excelsior Band of Andover Attended and Took Their Full Share of Praise and Prizes.

The Citizens' Hose Company, the Excelsior Band and several hundred people from this place and vicinity attended the firemen's convention at Wellsville last Thursday. The largest crowd ever assembled upon an occasion of this kind in the county was present, and the day's enjoyment was complete. More than a dozen fire companies participated in the parade, which was held at two p. m. Nearly every company was accompanied by a band, and a number of handsome hose carriages beautifully decorated, were in the line. The Citizens' Hose Company of this place, headed by the Excelsior Band, occupied a position at the head of the second division. The appearance made by our boys called forth unlimited praise from all who saw them, and there was no person present from this vicinity who did not feel justly proud of our two splendidly equipped organizations. It is safe to say that no company in the long procession made a better showing on parade than did our hose company, while the music made by the band was pronounced "out of sight."

After the parade, the crowd adjourned to the fair grounds, where the sports and races took place. And here was where Andover again got in some good work. The Citizens' Hose took second money in the hose race, which, considering the short time the company has been organized and the limited practice the runners had, is remarkable. The time made, both by the Whipple Hose of Cuba, which took first money, and the Citizens', was down pretty near the record-breaking point. The time made by the Whipples was 3 1/4 seconds, and the Citizens' time was 3 1/2 seconds. The best time made the previous day in the great free-for-all hose race, was 3 1/2 seconds, and ranged from that to 4 1/2 seconds.

The prize drill, for which was offered a silver water set, was won by our Citizens' Hose. There were three entries for the drill, and our boys were called upon to drill first. For a reason which may easily be imagined, the other two companies which had entered for the contest failed to show up after the Citizens had drilled, and statements made by members of both companies went to show that they considered themselves unequal to the occasion and concluded not to contest Andover's claim to being the best drilled company in the county. Those who witnessed the exhibition pronounce it superb, and round after round of applause was given. The following from Friday's Wellsville Reporter, must be considered an impartial statement:

"The Prize Drill was the first event called in the sports, and the Citizens' Hose of Andover lined up at attention, and to the strains of inspiring music, in the bright sunlight and before many thousand spectators, went through by far the finest exhibition of drilling ever seen in the metropolis of Allegany. Some of the evolutions were perfect. Many fancy figures were made. The Star, the Circle, the Hollow Square, the Drag and the Cross, together with the simple yet very difficult company alignment, elicited hearty applause. The judges, Dr. Witter, Geo. H. Swift and Wm. Miller, unite in saying that the drill was an excellent one and the boys deserve to have won the elegant silver water set which was the prize awarded them."

The members of the Citizens' Hose have lately paid considerable attention to the company drill, and under the able direction of drillmaster J. T. Barrett they have acquired remarkable proficiency. They have worked hard, and deserve all the praise that has been accorded them. They also consider themselves deeply indebted to Mr. Barrett for the very great assistance he has given them; and it goes without saying that he is a well-nigh perfect master in the art.

W. A. Wood of this place comes in for mention of his ability as a runner. He won first money in the 150 yard foot race, and second money in the 100 yard foot race at Wellsville, winning a total of \$10 for a few minutes' hard work against strong competition.

The Wellsville firemen, and those in charge of the Convention, renewed their reputation as entertainers, and the Andover organization speak highly of the treatment they received.

Contract for the Bank Building Awarded.

The contract for erecting the new Andover State Bank building, on the corner of Main and Greenwood streets, was yesterday awarded to H. O. Dorman & Co. of Corning. Nine proposals were received, all but two of them from out of town. The building will be of brick, two stories high, and the first floor is to be ready for occupancy on Jan. 1st, 1895, and the whole building completed thirty days later.

The first floor will contain the counting room, business offices and vault, in the rear of which will be the Directors' room, into which there will be an entrance from Greenwood street. The second floor has been designed for use as offices, and a more pleasant or desirable suit of rooms would be hard to find, judging from the plans prepared by the architect. The interior finishing of the structure will be largely in oak, and for convenience of arrangement the new building will have no superior in this section. The whole edifice will be heated from a furnace in the basement, and every room will be well lighted.

The outside design and ornamentation, while not extravagant, will be sufficiently elaborate to merit the praise of those who admire the beautiful in architecture.

The contract price for erecting the building, exclusive of vault and inside furnishings, is \$4,200. Dimensions of building, 21x65 feet. Work will begin immediately, and we suppose the officers and Directors will be "at home" in the new building on New Year's Day.

INDEPENDENCE NEWS.

Mrs. Jane Trask of Andover, was at meeting here Saturday.

The cold weather of last week forcibly reminded us that winter is approaching, and that gas will soon play a prominent part in household comfort.

Last Friday afternoon the effects of the late Ruel Hamilton were sold at auction, and most of the things going for a song. I understand the farm was not disposed of.

Mrs. Geo. A. Green of Belmont, and Mrs. E. A. Sweet of Wellsville, were guests of Mrs. Green's brother, J. T. Livermore, Sunday.

The greatest attraction at the camp fire last week was the fires, as the weather was so cold those present huddled around the cheerful blaze to keep Jack Frost from nipping their off ears.

The Alumni Club of Whitesville gave a rendering of "Esther, the Beautiful Queen," last Friday and Saturday evenings, at the public hall, which was well attended and gave general satisfaction.

If the News men could give, weekly, the market price in your city of butter, eggs, apples, pears, potatoes, etc., it would be a great accommodation to subscribers in the rural districts, for which they would feel duly grateful.

Mrs. Lucinda Hall of Hallsport, is the guest of her daughter, Mrs. H. C. Potter.

Mr. and Mrs. Omer Barney and little daughter, of West Union, were guests at the home of Mrs. Barney's brother, W. J. Potter, Sunday.

Last Friday night Mr. Oscar Potter returned from Dansville with a load of grapes, which were all spoken for, and he could have disposed of as many more if he had them. That is the second load he has brought in this fall, and other loads have also been through here.

Mr. Adrian LaForge of New York City, is the guest of his cousins, Mr. and Mrs. Oscar Potter.

Mr. and Mrs. Oscar Potter entertained Mr. and Mrs. A. P. Saunders (Mr. Potter's mother and stepfather) of Alfred, Sunday.

SPRING MILLS NEWS.

As we notice the improvements being made in Andover Village we are glad to see the enterprising spirit manifested. We are glad also to state that changes for the better are being made in our place.

Mr. Lewis Holbert has his nice new house nearly completed. Mr. Malcolm Holmes has been doing the carpenter work.

Mr. S. J. Holbert is having a new kitchen built, also other repairing done on his house.

Mr. Lester Stone keeps adding to his house—a wood shed being the last improvement.

There is an arrangement being made to have "city water" here, brought from springs close by.

Knickerbocker & Son of Oswayo, Pa., have purchased the stage route between here and Wellsville. Their families will occupy rooms over Robbins' vacant store.

The Foley brothers of Olean have recently placed in our cemetery a monument for the Cobb family.

The Canisteo River Baptist Association has just been held at North Bingham. It is reported that there was a good delegation from other churches present, also good sermons and a general good meeting.

H. M. Lake, of Wellsville, dealer in Marble and Granite Monuments, has gone to Vermont to purchase material for monuments. He will soon return and will then have something very desirable to show those who are in need of anything in his line.
