

NEAR-BY NEWS.

The estate tax to be collected in this county for the year 1894 is \$30,732. A decrease of \$5,881 over 1893.

The new school law requires school trustees to insure school property, both real and personal, whether authorized by a district meeting or not.

A Political Equality Club has been organized at Friendship, with Mrs. S. M. Norton, as president; Mrs. George W. Fries, first vice president; N. W. Benwick, second vice president; J. F. Rice, secretary.

The United States grand jury at Buffalo indicted John W. Love, the embezzling bank cashier of Watkins, on 53 counts. He will be tried at the Albany term in January. He is held in default of \$20,000 bail.

Andrew Ferry, a farmer living about four miles west of Almond, was arrested a few days ago, on complaint of his wife, charging him with assaulting their 18-year-old daughter. He was tried, found guilty and fined \$30 and costs.

At the recent examinations held by School Commissioner Pollard, only 6 out of 37 candidates for certificates passed the required examination. This is due to the fact that the Department of Education has raised the standard and it shall be the means of giving a better class of teachers in the future.

The Allegany County Historical Society will meet at Belmont Tuesday evening, Oct. 16, 1894. Addresses from Mr. J. S. Minard and other gentlemen will be made and interesting historical papers read. Action will then be taken looking to the centennial celebration of the settlement of Allegany county.

Talk about your yields of wheat here is one that beats them all for this season. Frank Chappel of South Lima, reports that he threshed 232 bushels of wheat from six acres of ground. That is 47 bushels to the acre and we do not believe another farmer in Livingston county can report as great a yield this year. The wheat is of a new variety known as the Chappel wheat. —Livingston Democrat.

Five farmers living in the vicinity of Forestville were brought before Judge Edwards recently at Dunkirk charged with adulterating milk that had been sold to cheese factories. The charges were brought by Assistant State Dairy Commissioner McMahon. The five farmers denied that their milk had been watered, but when analyses were taken by the inspector it was shown that large quantities of water had been admitted to the milk. The defendants were found guilty and the court imposed fines ranging from \$25 to \$50.

A Case of Suspended Animation.

A couple of weeks ago Eugene Van Name was in Mohawk, N. Y., on business for the Horseheads Bridge company, and entered a barber shop at that place for the purpose of getting shaved, says the Horseheads Reporter. He seated himself in one of the chairs and laid his head back on the head-rest. The barber stepped to one side of the room to get some hot water with which to make the lather, and when he returned and was about to apply the brush to Mr. VanName's face he recoiled with horror and exclaimed, "This man is dead!" A crowd at once gathered and in a few minutes five physicians were on the scene of action. Mr. VanName's chin had dropped and his eyes closed and he presented the appearance of a dead man, except that his extremities were slightly warm. There was no pulsation of the heart and the doctors also pronounced him dead. But thinking it strange that his lower limbs should retain warmth, the doctors set to work to see if there was any life left. They worked for something like four hours, when finally signs of life became apparent and shortly Mr. VanName was restored to nearly his former self. The strange part of it all was the fact that he knew what was going on all of the time. He felt his breath leave him, heard the barber say he was dead, and the doctors also, but was unable to lift a hand or speak a word. Mr. VanName says he experienced no fear during the ordeal that he might be buried alive. The doctors claim the cause of the trouble was heart failure.

Reunion of 85th N. Y. Volunteers.

The reunion of the 85th N. Y. Veteran Volunteers will be held at Olean Wednesday, Oct. 10. Allegany County has many veterans who were members of this regiment, and the representation at the reunion from this county will doubtless be large. The President of the Association is sending out notices of the reunion says: "If the weather is cold and wet, remember we have a warm, dry place to meet in."

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. OSOON, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."
Dr. J. F. KINCKLE, Conway, Ark.

Castoria.
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ANCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY, Boston, Mass.
ALLEN C. SMITH, Pres.

The Centaur Company, 77 Murray Street, New York City.

Catching Rain Water

is a familiar practice in sections where the regular water supply is too hard for use. Its softness and purity make it very desirable on wash day. The same results can be derived by using

OAK-LEAF SOAP

It makes the hardest water soft, makes the clothes white without injuring them, and reduces the labor of washing one-half. Ask the grocer for it.
