

**THE ANDOVER NEWS**  
ONE DOLLAR A YEAR.

HAMILTON C. NORRIS, EDITOR

ANDOVER, N. Y., Oct. 17, 1894.

Didn't Dr. McGlynn go a little too far when he asserted that foreign-born citizens were the best Americans?

A recent sermon by Cardinal Gibbons indicates that the power of the Catholic church is to be used against woman suffrage.

It is a consolation if men are to turn their attention to housework while women take charge of business and politics that the work about a house is becoming lighter all the time. The latest step in that direction is a scrubbing machine that works like a carpet sweeper.

The arrest of the entire state government of Mississippi, including Governor Stone, for violating counterfeiting laws in issuing state warrants to the amount of \$200,000, can hardly be regarded as a step in the direction of the South's cherished financial policy of issuing its own money.

Professor Wiggins says that man came from Mars, and that he rode to the earth on the tail of a comet. He also says a lot of other things that would be funny and interesting if they were true. Prof. Wiggins ought to catch onto the tail of the next comet that comes along and ride back to Mars.

Jasper T. White, of Paint Creek, Ohio, sold a farm last week for \$12,000. He put the money in an unused chimney and said nothing to his wife about it. Visitors came. The day was chilly and Mrs. White, "just to liven things up a bit" started a cheerful little \$12,000 fire. Things were doubtless more "lively" than she expected, about the time Jasper came home.

The Chicago souvenir coin of the World's Fair is to become a current half dollar. It was once supposed that these coins would command fancy prices as souvenirs, but this expectation was not realized. Secretary Carlisle has issued an order to the sub-treasuries, directing them to pay out on demand the souvenir coins at the same ratio as the legalized silver half dollars of the United States.

If Japan wins in this war between that nation and China it will result in a most radical change in the relation of Europe to Asia. Both Japanese and Chinese markets will be freely opened to Europe and America. Japan will most likely take the Philippines from Spain and make them a new island kingdom, and China, Siam, the native states of India and Turkey will be apt to do some astonishing things in the way of appropriating territory. In all probability Japan and China would, within a decade become the most powerful military and naval powers on the globe. It looks as if the great European powers were beginning to realize these facts, and an effective interference will be put in compelling a settlement by arbitration.

**A FEW OPINIONS.**

FROM REPUBLICAN ORGANS.

The Tammany tiger is the same old beast, though he is now hiding under Mr. Straus' cloak. The Democratic state machine is worked by the same old crowd that stole the state Senate. That is plainly seen in spite of their frantic efforts to raise false issues. The Democratic party will not prevail anywhere this year by playing the game of false pretenses.—*Albany Journal.*

The voters have got tired of dropping Democratic ballots in the slot and seeing wages go down. They will exhibit their weariness in November.—*Milwaukee Sentinel.*

All of Senator Hill's efforts to secure harmony have failed, and for

once in his life he will run on his merits, with almost certain defeat staring him in the face.—*Philadelphia Press.*

Morton stands for Protection to American interests; Hill stands for antipathy to Cleveland and approval of the Dutchess county steal; Wheeler stands for Cleveland, Free Trade and condemnation of the steal.—*Brooklyn Times.*

Daniel Lookwood, the Democratic candidate for Lieutenant Governor, helped defend the Sheehan heeled in Buffalo who were indicted in 1892 for election frauds. He's tarred with the same stick that marked Maynard.—*New York Mail.*

The phenomenal registration in Brooklyn indicates that the people of that city mean to hit Democracy hard this time.—*New York Press.*

FROM DEMOCRATIC ORGANS.

We firmly believe that if arrangements are made for the carrying out of the proposition to get up a great public debate between Mr. Morton, formerly of Shoreham, Vt., but now of Rhinecliff, N. Y., the Republican candidate for Governor, and Mr. Hill, formerly of Havana, N. Y., but now of Wolfert's Boost, with Mr. Cleveland, formerly of Essex county, N. J., but now of Buzzard's Bay, as umpire or bottle holder, in the amphitheatre on Madison Square Garden, Mr. Morton will have a chance of laying out his man. Mr. Hill will have just as good a chance. We hear that Hill is ready to take all risks, and is not much afraid of Morton, who surely cannot be scared by Hill. But the time is short. Register for the voting day!—*New York Sun.*

The Democrat who refuses to support by his vote Senator David B. Hill for Governor is a traitor to his party and is not wanted in its ranks.—*Albany Argus.*

If David B. Hill is beaten, no Democrat will occupy the Executive chair in that half of the Union north of Ohio whom the people have had a chance to oust.—*Elmira Gazette.*

The men whose interests Mr. Hill has always guarded, will, as a class, add their support to that of the Democratic and independent electors for the State ticket.—*Syracuse Courier.*

William C. Whitney believes that it is the duty of every Democrat to rally to the support of the state ticket. He recommends even those who have the greatest cause for complaint against the state organization to take part in the present contest and do all in their power to pull the ticket through.—*Buffalo Inquirer.*
