why?

Why wear wool? To keep out cold? No. To keep in heat. If the body is supplied with plenty of fresh air—oxygen—and proper food, it will generate sufficient warmth to protect you on the coldest day—Scott's Emulsion of Cod-liver Oil, with Hypophosphites, is the best warmth-food. Thin people, people with poor blood who are easily shaken by a cold wind take Scott's Emulsion and it makes good blood, improves the appetite, increases flesh, furnishes bodily warmth, and prevents the ill results from colds, coughs, and exposures.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites.

Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kneeland, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
