GAS ON THE JOYCE FARM.
A Rich Vein of Gas Struck Saturday Night—
The Miller Well Drilled Deeper
and Oil Sand Found.

The Tracy Company's well on the
Joyce farm, lot 70, Andover, is a good
gasser. Last Saturday evening the gas
sand was struck and gas came in such
quantities that all fires near the derrick
had to be extinguished in short order.
On Monday drilling was continued and
will be prosecuted until the oil sand is
reached.

The Rock-Oil Company's well on the
Miller farm, lot 31, Greenwood, has
been drilled deeper, and a great depth
of oil sand has been found. The latest
reports are to the effect that the sand is
over 100 feet deep, but it is of such a
density that the question of a paying
well is still in doubt. It is probable,
however, that the sand may be made to
yield a considerable quantity of oil.

Oil Notes.
Phillips Bros' well on lot 92 Wells-
ville flowed about eight barrels during
the first 24 hours.—Reporter.

At 1,180 feet the Torrey Oil Co's well
on the Wagner farm drilled into a dark
sand similar to that found in many of
the producing wells in this field. At
1,203 feet the drill is still in this sand,
with no showing, however, of petroleum.
—Wellsville Reporter.

The Mutual Company's well on J. J.
Warfield's farm, lot 114, Andover, is
nearly finished and is expected in to-
day.

The Mutual Company's well on R. A.
Pease's farm, lot 30, Greenwood, will be
finished within the next day or two.

The Hazeltine Well to be Shot.
The well that was drilled several
months ago by the Whitesville Oil Com-
pany, on the farm of E. R. Hazeltine,
about 1½ miles north of the village of
Whitesville, and which was pronounced
dry and plugged, may turn out to be a
paying well. The first of this week the
plug was knocked loose and the pressure
of gas in the well sent the stick 50 feet,
or more into the air.

A line was dropped into the hole and
it was found that the well contained
700 feet of oil.

The owners have decided to shoot the
well, and are confident that it will turn
out a fair producer.

The above is the story as it was told
to us by a resident of that town. Some
experienced oil men who are familiar
with this well say the well was never a
good one and never will be, for the
reason that no oil sand to speak of was
found. There was a little gas and a
very slight showing of oil when the well
was finished. The gas was piped to Mr.
Hazeltine's house and used for fuel as
long as it lasted, which was not long.
The well was then plugged.

Deputy Sheriff James Johnson of
Belmont stopped here from train 5 last
night to train 3 this morning with the
Italian, Joseph Loia, whom he had cap-
tured at Brooklyn. Loia is charged
with grand larceny in the first degree
and will doubtless be held for the grand
jury by Justice Dudley at Angelica to-
day. It seems that the prisoner, who
has been making cheese near Angelica,
succeeded in getting \$2,000 of the farm-
ers' good money into his hands. He
refunded \$400 of it, but is said to have
skipped out with the \$1,600.—Friday's
Wellsville Reporter.

"Half a span of angry steel" will pro-
duce no more fatal results than a ne-
glected cold or cough. For all throat
and lung diseases, Ayer's Cherry Pec-
toral is the best remedy. It is invalu-
able in cases of croup, whooping cough,
bronchitis, and grip.

It's all the same, a slight cold, con-
gested lungs or severe cough. One
Minute Cough Cure banishes them.

ous diseases. Nothing relieves so quick-
ly. For sale by L. A. Burrows.

In Memory of Bishop Ryan.
Last Monday at the Catholic church
a high mass of requiem was sung, by
Rev. Father Murray, for the happy re-
pose of the soul of the late Right Rev.
Bishop Ryan, of happy memory. About
70 members of the congregation re-
ceived Holy Communion in suffrage of
the soul of the deceased bishop.

Died.
Mary, wife of George Armstrong, died
at her home on South Hill in this town
on Sunday, April 19th, 1896, aged 52
years. Her death was caused by paral-
ysis. The funeral was held on Monday
at the Christian church in Greenwood,
burial taking place at Rough and
Ready, between Greenwood and Rex-
ville. Mrs. Armstrong leaves a hus-
band and several children, three of
whom are quite young.

Congressional Convention.
The Republican district committee
for the 34th Congress District met at
Olean Saturday and named Friday, May
15th, as the date for holding the Con-
gress district convention. The call
reads: "The Republicans of the several
cities and towns of the counties of Alle-
gany, Cattaraugus and Chautauque, com-
prising the 34th Congress District, are
requested to send delegates to a conven-
tion to be held in the city of Olean on
Friday, May 15, at 1 o'clock p. m., for
the purpose of electing two delegates
and two alternates to the St. Louis con-
vention and to designate a candidate
for Presidential elector. No delegates
shall be elected at the caucuses held for
the purposes of this convention to attend
any other Congress convention in this
district."

The last clause of the call is intended
to keep in the background for the pre-
sent the matter of a successor to Con-
gressman Hooker. A convention to
nominate a candidate for Congress
will, therefore, be held next fall.

Murdered on a Train.

Murder was committed Friday night
somewhere between Addison and Hor-
nellsville. At 5:30 o'clock Saturday
morning the dead body of a man was
found at Hornellsville on a coal car of
an incoming freight train from the
east. His feet hung over the side of
the car. Beside him lay his shoes and
three feet away was a bloodstained and
hair-clotted coupling pin. The skull
was fractured in two places, and his
face and coat were smeared with blood.
His pockets were turned inside out.
The man undoubtedly had been robbed
and murdered while stealing a ride.

Two tramps were arrested in a box
car on the same train say they remem-
ber seeing the man in Addison before
they boarded the train.

The dead man was identified as Mar-
shall Lerow, 33 years old, of Rathbon-
ville. His wife, one child and a brother
live there, another brother in Harts-
ville, and his parents in Canistota.

Chief Hickey of Hornellsville tele-
graphed west and in response seven
tramps were arrested in Wellsville and
two, one a negro, in Canaseraga. Some
of these were taken to Hornellsville for
examination. A letter from Rathbon-
ville says the dead man was in Addison
on Saturday in company with a negro
and a white man. His hat has been
found between Addison and Rathbon-
ville.

lowest, in prices to please all.

Spring is full of terrors to all whose
constitution is not able to resist the
sudden changes of temperature and
other insalubrities of the season. To
put the system in condition to overcome
these evils, nothing is so effective as
Ayer's Sarsaparilla. Take it now.

There are sixteen ounces of coffee in

Burns are absolutely painless when
DeWitt's Witch Hazel Salve is prompt-
ly applied. This statement is true. A
perfect remedy for skin diseases, chapped
hands and lips, and never fails to
cure piles.—Benedict & Van Noy.

The remarkably large sale of "Heart's
Delight" coffee is evidence that the
people of this section appreciate a good
thing.
