Poor, Sidney Crandall, was recently  
elected one of the vice presidents at the  
State Convention of County Superin-  
tendents, held at Schenectady.

It is said that the Mormons or Latter  
Day Saints have a quatenery of elders  
of that faith proselyting in the Loom  
Lake region. Well, why isn't Loom  
Lake the place to find lunatics?

Last Saturday morning Dr. Hardy, of  
Britton, removed a uterine polypoid tu-  
mor, measuring six inches in circumfer-  
ence. The patient, we are glad to say,  
is making rapid recovery.—*Tecumseh  
(Mich.) Herald.*

William J. Bryan, of Nebraska, was  
nominated last week by the Democratic  
National Convention for President.  
Mr. Bryan is only 36 years old. Arthur  
Sewell, of Maine, is the Democratic  
nominee for Vice President.

During the last twenty years \$300,  
000 worth of property in Painted Post  
has been destroyed by fire. On top of  
all this, a majority of that village's tax-  
payers recently voted down a proposi-  
tion to establish water works.

Mr. and Mrs. D. P. Corwin, of And-  
over, with their two sons, Allen and J.  
D., and daughter, Miss Carlotta, visited  
with Mrs. M. A. Powell last Sunday.  
They visited the Steinheim and made  
several calls in town.—*Alfred Sun.*

At a special meeting of the Citizens'  
Hose Company, held last Monday even-  
ing, the following delegates were named  
to attend the County Firemen's Con-  
vention to be held in Cuba, August 5th  
and 6th: Clarence O'Donnell, Benj. S.  
Brundage, Robert L. O'Donnell.

A Genoa farmer has buried one hun-  
dred bushels of potatoes with the inten-  
tion of keeping them until another sea-  
son. He thinks he has so covered them  
that they will keep through the summer  
in good condition. The result will be  
noted with interest by potato growers.

The test oil well on Mrs. Wellman's  
farm, about two miles from Friendship,  
is down about 800 feet. Good sand in-  
dications have been reached and it is  
thought a paying well will be found.  
If such be the case, Friendship will soon  
rank among the oil towns.

Preparations are being made for the  
Annual Bicycle Meet and Twenty Mile  
Road Race of the "Ramblers of War-  
saw" is to be held at Warsaw, N. Y.,  
Thursday, July 23, 1886. Many valu-  
able prizes are offered for the track  
races, and for the road race the first  
prize is a \$200 horse and carriage.

There is an idea prevalent that the  
army worm has been brought in here  
from the West, in seeds and phosphates.  
This is erroneous; the eggs are laid by  
a moth, in rows of from ten to fifty in  
a folded grass-blade, sheath of a stalk  
of stubble, or old corn-stalks. The eggs  
are always concealed. The duration of  
the larva state is from two to four  
weeks, in warm weather; but in the  
South it is longer in the winter months.  
The burning of old straw piles, weeds  
and other rubbish, as late in the spring  
as possible, is a preventive. When they  
appear in force, ditching is the only  
remedy. When a field once becomes  
infested, the only sure remedy is burn-  
ing over.

Last Thursday evening Henry E.  
Simkin, wife, son, daughter, and Miss  
Mary J. Phillips, a friend, all from  
London, England, arrived in Andover  
on No. 1 from New York and Brooklyn,  
where they have spent a week sight-  
seeing in the great western metropolis  
on their trip from the old country. Af-  
ter a brief call at the residence of Mr.  
C. M. Wood, they accompanied Mr.  
Wm. Simkin and family to the paternal  
roof on Voorhees Hill, where they will  
remain about two weeks. Mr. Simkin  
has had charge of the printing depart-  
ment of the International Tract So-  
ciety, Limited, in London, for the last  
three years, and is now on his way to  
Battle Creek, Mich., where he was  
connected with the Central Publishing  
House of the same society for nine  
years previous to going to London. The  
party sailed from Southampton June  
23, on the S. S. Paris, and have many  
praises for the American Line.

O, what is more delicious,  
On a balmy morn'g in spring,  
Than a fragrant cup of coffee,  
"Heart's Delight" suits everything.

J. S. Phillips, who was in Chicago  
last week, attended the Democratic  
National Convention and listened to  
the speeches made by Senator Hill, Mr.  
Bryan, who was afterwards nominated  
for President, and others. Unlike some  
others in the hall, Mr. Phillips was not  
hypnotized by the "boy orator."

Andover has the record-breaker  
among juvenile berry pickers. Mina,  
the four year old daughter of Mr. and  
Mrs. S. M. Austin, picked three quarts  
of wild raspberries the other day. It  
was an off day with the little tot beside  
the bonnie brier bush, and it wasn't  
much of a day for raspberries, either.

Judge Seymour Dexter is one of the  
new managers of the Elmira Advertiser.  
Judge Dexter was an Independence boy  
who graduated from Alfred University.  
He enlisted, under the first call for vol-  
unteers, in the 23d N. Y. His record as  
a citizen, a soldier and a jurist is doubt-  
less now to be brightened by his genius  
as a newspaper man.

Charles Brown, Jr., the 13-year-old  
son of District Attorney Charles H.  
Brown, of Belmont, is the recipient of  
a prize in the shape of a fine high-grade  
bicycle. Some time in March a Chicago  
bicycle company offered such a prize to  
the person composing the greatest num-  
ber of words from the letters comprised  
in the name of the firm. Master Charlie  
entered the contest and he was success-  
ful in preparing 14,601 words.

An exchange says: "When a tree is  
allowed to bear a full crop of apples it  
costs the tree more to produce the seeds  
than the pulp. Every apple left on the  
tree, whether the fruit is good or not,  
taxes the tree and the land. If one-half  
of the fruit of a heavily-laden tree is  
removed by picking, the remaining fruit  
will be of better quality and also pro-  
duce as many bushels as though all the  
fruit had remained on the tree."

It occurred on Wednesday evening,  
July 8th, at Tip Top Summit. It was  
planned by Mrs. H. M. Bennett. It  
was executed by some over sixty per-  
sons who are friends and neighbors of  
John Lusk and the estimable lady who  
lately became his wife. It was a sur-  
prise party and, like all such parties, the  
commissary department was no unim-  
portant factor of the invading force.  
The rain on the roof did not prevent  
those under it from having a good time.  
The young people were well represented  
and apparently enjoyed themselves.  
They who did the surprising piece of  
business departed about midnight quite  
full—not full by liquid imbibition—and  
with best wishes for the surprisees.

The army worm has made its appear-  
ance in this town. In fact it has been  
here for a couple of weeks past, al-  
though its presence was not generally  
known until a week or less ago. The  
worm has been getting in its work in  
good shape in many parts of this and  
adjoining towns. Various methods for  
stopping the ravages of the worms have  
been suggested, but it is doubtful if  
there is much that can be done. Among  
the "recipes" we have seen are the fol-  
lowing: Digging a ditch about one and  
a half or two feet deep around the field  
where the pests are located, and, after  
they have fallen into this ditch burning  
kerosene oil in the ditch; placing a band  
of tar around the field, renewing as  
often as necessary; rolling the ground  
on which the worms are.

To make your business pay, good  
health is a prime factor. To secure good  
health, the blood should be kept pure  
and vigorous by the use of Ayer's Sas-  
aparilla. When the vital fluid is im-  
pure and sluggish, there can be neither  
health, strength nor ambition.

EH HUI Lumber City, Pa., writes, "I  
have been suffering from piles for  
twenty-five years and thought my case  
incurable. DeWitt's Witch Haze  
Salve was recommended to me as a pile  
cure, so I bought a box and it per-  
formed a permanent cure." This is  
only one of thousands of similar cases.  
Eczema, sores and skin diseases yield
