Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osceola,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kinchelos,
Conway, Ark.

The Centaur Company, 71 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Weak Lungs

Hot weather won't cure weak lungs. You may feel better because out of doors more, but the trouble is still there. Don't stop taking your

Scott's Emulsion

because the weather happens to be warm. If you have a weak throat, a slight hacking cough, or some trouble with the bronchial tubes, summer is the best time to get rid of it. If you are losing flesh there is all the more need of attention. Weakness about the chest and thinness should never go together. One greatly increases the danger of the other. Heal the throat, cure the cough, and strengthen the whole system now. Keep taking Scott's Emulsion all summer.

THERE IS NO SECRET IN THIS WOMAN'S CASE.

Mrs. Campbell Wishes Her Letter Published So That the Truth May Be Known.

OF the thousands of letters received from women all over the world by Mrs. Pinkham, not one is given to the public unless by the wish of the writer. Thus absolute confidence is established between Mrs. Pinkham and her army of patients; and she freely solicits a letter from any woman, rich or poor, who is in ill health or ailing.

In the case of Mary E. Campbell of Albion, Noble Co., Ind., her suffering was so severe, her relief so suddenly realized, and her gratitude so great, that she wishes the circumstances published, in the hope that others may be benefited thereby. She says:

"My physician told me I had dropsy and falling of the womb. My stomach and bowels were so bloated I could not get a full breath. My face and hands were bloated badly. I had that dreadful bearing down pain, backache, palpitation of the heart and nervousness.

"One of my physicians told me I had something growing in my stomach; and the medicine that I took gave me relief only for a short time. I thought I must die. I began to take Lydia E. Pinkham's Vegetable Compound, and it worked like a charm.

"After taking the first bottle I could walk across the street; now I am well. I advise all my friends to take it, for it is surely the most wonderful medicine for female ills in the world. I feel that my cure is miraculous."

MARY E. CAMPBELL, Albion, Noble Co., Ind.

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound, and never in the history of Mrs. Pinkham's wonderful Compound has the demand for it been so great as it is to-day. Druggists say it is wonderful. From Maine to California, from the Gulf to the St. Lawrence, come the glad tidings of woman's suffering relieved by it. All intelligent women now acknowledge its reliability.
