No kitchen is kept cleaner than the premises devoted to the manufacture of NONE SUCH Mince Meat. No housewife can be more fastidious in the matter of preparing food than we are in the selection and preparation of the materials of which it is made. The cleaning of the currants (for one thing) is more thoroughly done by means of perfected appliances, Z than it would be possible to do it by hand.

Its cleanliness, purity, wholesomeness and deliciousness W A are good reasons for using NONE SUCH Mince Meat. The best reason is its saving—of time, of hard work, of money. A ten cent package affords you two large pies, without trouble to you beyond the making of the crust. Makes iust as good fruit cake and fruit pudding as it does mince pie. Sold everywhere. Be sure and get the genuine. Send your name and address, and mention this paper, and we will mail you free a book—"Mrs. Popkins'Thanksgiving"—by one of the most famous humorous authors of the day.
