A HELPING HAND

JOMEN suffering from any form of female weakness are requested to communicate promptly with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely, talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America.

> women to write Mrs. Pinkham for advice during the last few months.

Think what a volume of experience she has to draw from! No physician living ever treated so

many cases of female ills, and from this vast experience surely it is more than possible she has gained the very knowledge that will help your case.

She is glad to have you write or call_ - upon her. You will find her a woman full of sympathy and a great desire to assist those who are sick. If her medicine is __not_what you need, she will frankly tell you so, and there are nine chances out of ten that she will tell you exactly what to do for relief. She asks nothing in return except your good will, and her advice has relieved thousands.

Surely any ailing woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance. Read the following illustration:

DEAR MRS. PINKHAM:

In March I wrote you the following letter, asking you if your remedies would aid me:-"I am twentyeight years old, and have three children. I suffer terribly with pain in the small of the back, dizziness, kidney trouble, nervousness, burning sensation in my stomach, and I am unable to do anything." I received a reply, a very kind helpful letter. I followed your advice. To-day, I am glad to be able to write that I am a well woman. I wish all women in my way afflicted would do as I did, and they will find relief. I think any woman who will continue to suffer with any of these trying diseases peculiar to our sex after hearing what Lydia E. Pinkham's Vegetable Compound has done in so many cases, is responsible for her own sufferings. MRS. JAMES J. HAGAN, 3842 Clinton St., Nicetown, Phila., Pa.
