may not be so full as he wishes, but if he is wise he will neglect his coffers awhile and attend to his cough. A man's coffers may be so secure that no one can take them away from him. But a little cough has taken many a man away from his coffers. The "slight cough" is somewhat like the small pebble that lies on the mountain side, and appears atterly insignificant. A fluttering bird, perhaps, starts the pebble rolling, and the rolling pebble begets an avalanche that buries a town. Many fatal diseases begin with a slight cough. But any cough, taken in time, can be cured by the use of
