Besides this, 69,131 depositors theid \$31,5000,000 of government bonds One out of every seven persons England is now a depositor in the postal banks. In 1893 there were 9 travelers to the tune of \$1,000 has been \$123,000,000, and withdrawals aggregated \$108,500,000. Operations conducted on a similarly large scale i the postal savings features of other countries. Various public officials have at times urged upon Congress the ideas of utilizing the post offices for the accumulation as well as the transmission of money, insisting upon its utility the agricultural districts, but so far Congress has not deemed the matter ripe for action.—Baltimore Sun.

New Oil Fields.

Indiana is coming to the front as an oil field, and nearly three thousand wells were bored in that State during the year 1895. It is asserted that Indiana is likely very soon to rank with Ohio and Pennsylvania in its value as an oil-producing State. An agreeable feature of the oil industry is that during the past year the work has been prosecuted with very few serious acci-

Enthusiasts declare that Indiana wil become famous as an oil State with the next few years. The wells hold
