Sir John Millais, Lady Halle rose to roadside fence, and yet seemed hopeless | the full fury of the storm. But the snow play the violin, when, to her intense of gaining a foothold on the glancing seemed to have glanced from his hard, amusement, she heard Landseer ex- walls; or slippery wind-swept roof. The angular figure as it had fro n his roofclaim, "Good gracious! A woman storm, which had already heaped the ridge, for when he entered the narrow i

near_Bombay, the material used being | the gaunt angles and rigid outlines was quite a work of art.

A speaker at a Sorosis breakfast t. other day said a clever thing on toasting the bicycle. She hailed it as the rejuvenator because it had "seized c all classes of society—the tired riding it Decause it rested them; the dulled and rested riding it because it tired, them; the thin because it increased their weight, and the fat because helped them to get rid of it." All t

which is as true as it is smart. The Bertillon scheme of identification is being resorted to in the case of persons other than criminals. A growing number of men, private citizens or unsullied character, have voluntarily gone through the Bertillon ordeal. The records thus obtained they have given to their families to preserve, in case or their sudden death away from home, and under circumstances which might make identification of their bodies diffi-

cult or impossible.

BY BRET HARTE
