We have permitted quite a number to take the examination in March who expect to continue in school till June, because they have shown themselves earnest and faithful in their work. Our pupils have succeeded beyond our expectations, more having ing. finished, with standings, a year's work, since September. We wish to give them the praise they deserve. The padrilling. pers we send to the department this time are by far the best we have yet sent. I believe that many of our pu-
