

Is your appetite gone and your digestion weak? Is your flesh soft and have you lost weight? Are the symptoms of poor blood, just as frequent as in the summer as in the winter. And you can be made at one time just as well as another.

## Scott's Emulsion

of cod liver oil with hypophosphites will certainly help you. Almost everyone can take it, and it will not disturb the weakest stomach.

It changes the light color of poor blood to a healthy and rich red. It nourishes the brain; gives power to the nerves. It brings back your old weight and strength.

Fitz. Lee was more talked about as Consul General than he has been since he became Major General.

Every American soldier and sailor is a hero, only waiting for the proper opportunity to demonstrate it.

The war has not affected the Arctic exploration business. Lieut. Peary will make another start about July 1.

Another turn of the official wheel in China has put our old friend and interrogator, Li Hung Chang, on top again.

Nations, like individuals, are not allowed to sell what they do not own. Spain has not owned the Philippines since the battle of Manila Bay.

The United States desires the friendship and good will of all nations, but it will never allow itself to be dictated to by any nation, or combination of nations.

For the first time in our history, we have armies on foreign soil—one at Santiago, Cuba, and one in the Philippines, both engaged in victorious fighting.

Gen. Shafter is known to his army associates as "Bull," but the Spaniards have discovered that it is several times more dangerous than bull-fighting to tackle him.

If we could possibly be frightened, the yellow journals might do it by the news they print that isn't true, about the awful things that Spain is preparing to do to us.

If things are not going to suit you, don't kick; just think how much worse they are going with the boy king of Spain, who is in danger of not having an island to his name.

To judge by the fighting the Spaniards have so far done, Spain would be fully justified in pleading the baby act and asking to have a guardian appointed to save her from further whipping.

To say that a man was a bondholder has been generally recognized as only another way of saying that he was rich. Now that \$20 million make a bondholder, the old understanding of the word must be changed.

We notice that the price of wheat tumbled before Joseph Leiter did. Although the bank account of Joe's name is something like \$5,000,000, the price of the boy's dash in the market is something of a mystery.

Those engaged in formulating political platforms for 1900 would better wait awhile. The time isn't so far off, but many things are likely to happen before the next Presidential campaign that will influence political platforms.

Hawaiian annexation is now up to the Senate, and as soon as a vote can be had it will be passed on to the President. Public sentiment is so strongly in favor of annexation that its Senatorial opponents will hardly dare resort to open filibustering to prevent a vote, and 56 Senators are pledged in favor of annexation.

### Some Potent Facts.

That the Reader Will Do Well to Carefully Ponder Over.

It was kept a secret for years in a good old Quaker family. The neighbors all knew about it and many a time had reason to be thankful for its existence. Its fame spread and syngers who heard about it wrote for information concerning it, sometimes tried its virtues and sometimes put off a trial for a more convenient season. To tell how it was dragged from an obscure country village and placed before the general public, would be interesting to the reader, but lack of space compels us to withhold the particulars. It is sufficient to know that over a year ago it came to Dunkirk like it had gone to every city and town in the North, unpretentious and unassuming. It said, "I can do certain things; investigate my claims; try me if you have backache or kidney ache, and you will not be disappointed." The above is a fragment from the history of Doan's Kidney Pills, a preparation which has come to this vicinity as well as Dunkirk to stay. One of Dunkirk's representative citizens who helped to push the good work along is Mr. Adam Hyle, of 134 Second street, a well known and respected citizen of Dunkirk, N. Y.

That gentleman says:—"About eight years ago I hurt my back either by a strain or lifting. I was very bad for some time but it gradually wore off until of late years. I have been laboring under a pronounced kidney disorder; a very lame back, pains across my kidneys, presence of blood in the secretions; and pain across the loins, inability to sleep and weakness and languor making it unable for me to get about. I took a great deal of medicine and have been attended to by our physician but seemed to get worse instead of better. A neighbor who had been cured by using Doan's Kidney Pills advised me to take them and I bought a box at a drug store. I am now able to get about and sleep well and my back does not pain me. I am certainly a gainer from using Doan's Kidney Pills and can heartily endorse them.

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.
