price, and only cackle crossly at an they will solemnly try to reproduce gency that sent Count Puckler to vouchers therefor to the undersigned, Adminembassy. They explored barnyards Dated Nov. 6th, 1900. and chicken coops on this side until! they reached a unanimous conclusion that the pick of the American hens! are by odds the best of their species, brought amazing good fortune to Editand that Germany needs them. Both or Chris. Reitter, of the Saginaw (Mich.) of these blue-blooded gentlemen are Post and Zeitung. He and his family enthusiastic agriculturists of the scientific type, and learned among the hat Dr. King's New Discovery for Conrudiments that a good thing is not to umption. Coughs and Colds was studying the American hen and the American methods of caring for the poultry, they acted. Now the count lequals it," Only 50c and \$1 at Benedict is on his way to Germany and on the ; & Van Noy's drug store, Andover, or at same ship under his watchful super-lany other drug store. Trial bottles vision are scores of clucking chickens that are destined to do and die it

the Fatherland. Whether they will forswear allegiance and settle down as sober and industrious subjects of the kaiser remains to be seen. They belong to good, steady families, the count and the baron having selected Plymouth Rocks and Wyandottes, but there is a blasting atmosphere of unrest in Germany, and there is no tell ing what may come of it.

The use of the title "lien." was never! "Honorable."

as a prefix to the officeholder at every ward politicians' -ball, and in this respect it probably) serves a purpose in distinguishing those who draw the money from the city treasury from those who put it in There is no law for the use of the title. "Hon." in this country, and any char-Ecter that custom may have given it in the rast has been so abused as to make it ridiculous and useless, truly observes the Brooklyn Times. The title belongs distinctively to England, and is fixed there by law, and as one of the rights of the reigning sovereign, and why tracticant should ape it passes beyond; comprehension. The younger sons of on earl and the sons and daughters of z viscount or a marquis are entitled to be called honorables in England, and so are members of the cabinet, but ordinary members of parliament may not use the title, though parliament as a whole is an honorable body, and in the course of debate a member is the honorable member, inshead of being the gentleman from so-and-so, as it the United States congress. The title of | "Mon." in the United States is simply waddle and toadying. It has no place in the ethics of the United States. should go. Plain "Mr." is good enough for any American citizen.

Eccentricities of genius do not figure very largely in Mr. Howells' recent; reminiscences of our great writers of the last generation. There is no comfort in his book for silly young men who try to excuse their own lapses from decency by the examples of Byron and Poe; for Mr. Howells shows that living as well as high thinking citizens. The possession of genius does not con-
