school a picture of each man and telling what he has done, what sort of a line reviewing stand the President ar boy he was, etc., until the chief actors l in the world's drama are familiar friends instead of mere names. Children should be allowed to form opin-, fons of public events, and when they) understand them they will be empable) of surprising the teacher by their clear) judgment.

No better way of making patriotic | citizens can be found than in this daily, study of concemporary events. To be p interested in public affairs one must understand them, and it is remarkable) how few men and women comprehend the contents of the newspapers sufficiently well to give an intelligent opin ion in regard to them.

Her majesty Queen Ranavalonajaka) III, late sovereign of Madagascar, has t solved that worrisome feminine probsmall income." It is said that this dis tinguished lady, whose pension from the French government is quite inadequate to supply her with the smart gowns for which she yearns, has adopted regular "at home" days, when each caller is "touched" by an attendan for a contribution of about 6 francs to keep-up the royal wardrobe. The idea is such a simple yet such a convenient one that it should be recommended to he will deliver his address.
