If Washington's little army had no held together at Valley Forge, there probably would have been no "crowning grace" of Yorktown; hence the Daughters of the Revolution quite properly selected the anniversary the surrender of Cornwallis as the day for the unveiling of the shaft built with money raised by them in memory of the Revolutionary soldiers who died at Valley Forge during that dreary winter of 1777-78. It is hardly creditable to the coun-

history of the Revolution, should, : we been so long neglected. . There is a very general public sentipent that Valley Forge should be preserved as a public park. A proposition was advanced in the Pennsylvania legislature a few years ago to make it a state park, but nothing came of it. Last year a bill was introduced in congress to establish a national park at Valley Forge, but it did not pass. is hoped that the erection of this monument may awaken patriotic public interest in Pennsylvania and elsewhere | in the movement to preserve this bis, toric site.

The Free Delivery Mail Routes a Good Arrangement in Some Cases, an Injury to Others.

The free delivery mail route fad is like many ether new ideas, likely to 1886 be carried too far and thus bring the 92 whole business into disrepute. One 17 of the projected routes is to start from Canisteo and follow the Jasper stage 222 road up Col. Bill's Creek road thru ¹⁷ South Canisteo and on to Milwaukee Hollow, thence over the hill to Greenwood village, thence down Bennett's ²⁹⁵ Creek, thru Bennett's to Canisteo. We learn this would cost the Gov.

ernment \$500 for a carrier. What persons other than the carriers are to be benefitted by this arrangement? Take for, instance persons living in the lower part of the village of Green-(wood. They now have mail facilities several times a day by railroad, and by changing their post-office address to Canisteo they would have but one and that in the afternoon. Letters coming for them now by the Erie train to Canisteo would be taken out and proceed over the described route. reaching the stination in the afternoon, and in case the carrier left before the Erie mail arrived, the same would not be received until the followling day. Besides this, the carrier Reuben Parkhill, Coroner, Rep., 76 would travel from Canisteo to South 'Canisteo, a distance of several miles on a road which the Jasper stage with mail, passes over twice a day, and upon reaching Greenwood the carrier would pass over the road from Greenwood to Capisteo, a distance of ten miles, which is traversed by railroad, which carried mail tour times a day. t would therefore seem that, for the greater part of the proposed route, by changing their post office address to Canadeo, the patrons would not be as well accommodated as at present. this voltage, that now have their address at Greenwood, nearly all come to the cheese factory, or have other means of sending to this office daily; in fact, many times a day, and it would seem that the end sought would hardly justify the expense. It certainly would not benefit the officers at Graenwood, South Camsteo, Jasper, or one as Bennett's should that be re-
