The Inflow of Foreigners.

The report of Immigration Commissioner Thomas Fitchie of New York of I past fiscal year show that nearly 20 per cent more immigrants landed at || that port than in the fiscal year ending in 1000. Of all nationalities there came to our shores during the year 388,931 Italy was prodigious, there being 11.-326 all told, while only 20,000 came upon sunset. The little maid was about between the northern Italians and the 8, and I was 10. We were together as southern Italians and their relative deit was cold, and so we came ashore and sirability as prospective citizens are inwere walking hand in hand along the dicated by the fact that the former street they call Pudding lane, which brought \$23.52 apiece with them, while

leads from the Common Stath yard to the latter brought \$8.67. stands a sailors' tippling house, which show that the immigration from southis, I dare say, in all respects such a eastern Europe and Asia, from whence house as sailors desire, provided and come none too desirable additions to our wishes. As we passed, the place being population, is increasing in enormous open and the mingled noise of fiddle, menians and Syrians that we received
