GOOD CITIZENSHIP.

One cannot tell how many times the question has been asked, \ Semi-Rnnual What is good citizenship? and how many and different have been the replies; and yet when we understand that the moral tone and life, the very existence, of a municipality. whether it be large or small, depends upon its citizens. we can apprehend the need of a right understanding of the term, and

the necessity of having good citizenship represented in every citizen, question must be as wide as the good of the community is wide, and as | . repad as progressiveness is broad.

What is good citizenship? Good citizenship is obedient citizen-) Theodore Roosevelt, the President of the United States, said recently in an article in one of the leading magazines, country like ours is obedience to law." This is true shall have a proper share. They rep- obedience to the law of the government. Who is the government?

resent that the people of Guam are At once we are reminded of the politician of the country four corners Toyal, law abiding and orderly. They who went to Washington to see the government. He called on the who went to Washington to see the government. They who went to Washington to see the government. Theving charge of the military govern. President who said, "I am not the government; go the Halls of Conment now in operation-on the con- gress." Thither he went. He saw the Congressman who said, "I am I trary, they express great confidence in not the government. It's the people down yonder where you came him-but they urge that military gov- from." The foundation of good government is the law, and the govdeland, if for no other reason than that If is liable to change at any moment, Upon this the safety and security of society rests. And there needs to and they ask for measures "for the es- be obedience to the mandate of supreme authority in spiritual things,
