Digests what you eat. ceased, comprising yard and garden on w. house and barn stands, and the pasture no. make some interesting statements This preparation contains all of the of said barn, and a meadow on the west of said anent the probable number of novel- digestants and digests all kinds of pasture, and being all the lands comprising the ists whose works would seem to be food. It gives instant relief and never lands adjoining them and which she owned

Tarionia de la compansión de la compansi EVERY DAY BARGAIN DAY

In looking over our stock the first of the week, should judge the people had found it out. But we are all ready again. New goods coming in fast. We are too busy filling up shelves to make out list this week. Come in and look, get prices, and save money! We are still making prices that bother them.

G. M. Webster & Co., Greenwood, N. Y.
