THE ANDOVER NEWS

TO PERSON DESIGNEDS Mosher @ Backus, AT 'ASDOVER, M. T.

ANDOWSK, N. Y., JULY 9, 1902

Reforming the Hog. The agricultural department is to my an interesting and unique experiment in reform. It is going to under take to reform the habits of the hom and induce him to "purge and live | steanly" by changing his environments and giving him a chance. It is mainmined that the primitive hog was a Meanly beast, not addicted to vile and slovenly habits and indulgence of gross and revolting appetites. These habits, assumes, are due to the degenerating influence of civilization, to being kept, a unkempt sties and fed on refuse,

which have resulted in a loss of self respect and consequent evil habits. In the prosecution of its reformatory , work the department will build a suitable station, with a large inclosure and).

If the experiment with the first lot were certainly commendable. of hogs does not effect their reformaformer habits and conditions, it will a be charged up to heredity that has | come from generations of ill breeding and squalid surroundings. The work favorable environment will not have | the opportunity to return to the wallowing in the mire of their immediate | ancestors, but will be kept under regulating influences until their progeny are prepared for a like test, and the Parsimoniprocess will be carried, if necessary, to the third and fourth generations in the hope that the swine will ultimately be redeemed beyond relapse.

It is to be hoped that the experiment will be successful and that it may then | be tried with equal care and solicitude payon the human variety with like grat ifying results.

The Troublesome Poles. The Polish question seems likely to | that, in spite of "all the benefits which lic spirit quicker than black frost a pumpkin vine. the Prussian government had conobject of the Polish movement was to i separate the bilingual provinces from the Prussian monarchy. A separation | the Helm. German empire. Without the province of West Prussia that of East Prussia would be untenable. The Prussian govstate. He declared that the government took the greatest interest in the German Catholic settlements in the Domination.

eastern provinces and that it was a only flourish in those districts through the influence of the Polish element. The chief burgomaster of Posen sup--- ported the chancellor by declaring that the Poles were no longer a Roman Catholic party, but a national party.
