Growth of Rural Free Delivery. The marvelous growth of the rural i free delivery system is shown by the l will ask congress at its next session to its maintenance and extension. the fiscal year 1901 the appropriation amounted to but \$1,750,000. In the purpose the sum of \$7,500,000. estimated that there will be a defici of about \$300,000. By July 1, 1903, "there will be 14,000 rural routes in operation. It is estimated that it will ice next year and that the other \$3. 000,000 will be necessary in making the extensions demanded.

service is popular with the farmers, whom it is designed to benefit. The only question, therefore, is whether it is not a growing faster than the department i can stand. But in answer to this objection it is urged that the postoffice department is very near a solvent showing and that in time the rural delivery service will be placed more nearly on a paying basis by superseding fourth class offices, star routes and mail messengers and by bringing about an increase of business. At any rate there is not likely to be a restriction of the delivery. The more it is extended the greater will be the demand try will want to share in its benefits. Consequently the expenditures on this account will doubtless be a steadily increasing item for some years to come. The British Association For the Ad-

vancement of Science proposes that the leading nations agree to compel all applicants for public office down to policemen to learn Italian, with a view to making that the universal language of diplomacy. This would hardly do as a medium for the diplomacy of the police. Fancy a policeman saying "G'wan, there," in Italian.

MY BABY WAS SICK Read What Lazakela Has Dome for a Little Bick Baby My baby is a months old and is teething. He was sick and I tried a good many things, but nothing seemed to relieve him. I had a doctor, who said it was important mation of the bowels, and that I would never pull him through perhaps, if he was under his care. When I saw he was got

much, and used to scream when he had a touch of it. I did not know what it was to close my eyes, day or night. I gave him a few drops of LAXAKOLA and it relieved him. I gave it to him a few times and it worked like a charm, and he now rests pretty fair all night. He is a great deal better looking beby since I gave him
LAXAKOLA, and I think if all mothers
knew how good it was they would give
nothing else to their sick bebies. I hope
every mother will give LAXAKOLA a fair
trial, and am sure they will not be disap-LAXAKOLA is the best and most effec-tive laxative for children because it is safe and made entirely of harmless ingredients.
