That means more than to cleave when things cleave together; they are united by a foreign substance; but to stick is to become inseparable. That's the one thing we Americans like: for a man who gets which makes the man "game," as we call it, has the quality essential to suc

American people dislike a quitter. Indeed, the man who crawls down at the first difficulty encountered, and quits, shows a lack of stability, which means he will not succeed. It's the sticker that wins, wins because he has faith in the proposition for which he is working. There are men not far from the hills of "Old Allegany" who are watching men reap rewards that might have been

The old horse that started in the race, they called him "a plug." The Soon younger racer got all the applause on the first stretch, but the You'll old racer kept at and won the race, and received the applause. He won out simply because he had the staying Notice'

Now if we read the signs of the times it needs just that staying power for he men and women who have faith in Andover's future, faith inside of them, not in chances or spectators or circumstances, but whose motive is to make Andover the best of all, and when the difficulties come and others fail, cry "I stick," and bye and bye the results will prove the wisdom of such a course.

When that gentleman wrote from Elmira and said, "We ought to be a The failure of the Ziegler-Baldwin marriage ceremony. The bride was city," he told a truth. Every advantage that goes to make a city is here, and is only now becoming known, and the sticking to the been finally and fully explained. One carried bride's roses. A wedding sticking to it. purpose to keep making improvements on walks, highways and conditions, means the success of the purpose. The man' who owns the farm within a mile might better have a market for produce in a village large enough to consume it than to wait the uncertain returns from

Look back ten years. What improvements! Why, the village has modwitnessed the ceremony, and, with emized itself. Twelve or fourteen years ago not a lawn mower, with few exceptions, was thought of. The men came to town in lum-A BACKWARD ber wagons, now what? Andover has the credit—and it's not bragging, either—of having the finest rigs of any village of its size in Southwestern New York. Nice kept lawns, when you would most enjoy and trees well trimmed, or are going to be. The spirit is here if we say "I
