THE DIAL OF PROGRESS.

t is not always that we can immediately measure the advance of a moveas we compare the present conditions with those that have existed can we understand the progress made. But that the dial of progress moves forward is as certain as the sun shine and onward marches the progress of higher civilization. We no more think of returning to the conditions of twenty or twenty-five years ago, when ox teams took the place of our useful horses, or when scythes nd cradles were used instead of mowing machines, than of cutting out the ally that we scarcely realize the change. Yet the days of tallow dips are

But with all these changes there are the loss of some things that are to be One may be the honest, rugged frankness that once was a useful commodity, but the changes in society demand now the soft and standing would not willingly have To be LAMENTED. pursing, cat-like tones of hypocrisy, and whatever else you may be you must not be boisterous and loud. You may tion and would gladly be relieved of deal in inuendo, intrigue and in vulgar double entendre, but never express Tailoring the annoyance. But this they as well one's self in good round terms of robust English. There needs to be a revias other innocent victims of certain in- val of that honest, robust frankness, good for man and the betterment of so- Taik.

Have we made the progress we ought? Back of this there may be a ble instances of the misuse of the faces | moral problem. The progress is not made thru channels of allowing society for pleasure to corrupt the fountainheads of social credit for poses. Several ladies of position and AN HONEST PRESS, their profit, if that be for personal aggrandizement. The

progress is made thru the medium of an honest press that has their portraits have been put without stood, and we trust will stand, as the bulwark against the stream that carries their consent have protested in vain. all of its devotees to the rocks just below. However much we may disagree has seen fit to disregard the solemn There seems to be no remedy for the with sentiments expressed in an honest paper, that paper which seeks to build pledges made by Alexander I. in 1800 of New York recently decided that a up the people in integrity and virtue must be fearless and full of courage, sors, adopting a policy toward the person whose portrait is used in this sticking to the path of duty and helping shove forward that "dial."

Take for instance, if we may, the matter of progress for a village. The fore seem to be trying enough to have newspaper man has poured into his ears the story and fact from all sides. He views it from no narrow room, or personal idea. He stands, as it were, upon the mountain. He is in touch with convictions. things the people cannot see or know. What shall he do? Lower his manhood? Become a party to the caprices of few? No. He, if he is a man, will follow the convictions forced upon him
