which we have so lately been tursday The Department of Commerce. There is a fair prospect that the bill oters which the United States senate passed - at the last session of congress for the creation of a department of commerce i may become a law at the present ses. Cough Remedy will be pleased to know sion. It is understood that there is a that the manufacturers of that prepathe bill, but that majority has not yet Liver Tablets, and that it is meeting had an opportunity to pass on the with much success in the treatment of

Hepburn of Iowa is chairman, and still then they not only move the bowels, but mittee consider the bill, and practically nothing was done with it until near the close of the last session, about half year after the bill reached the has But it was not then reported to house. The late President McKinley a well as Mr. Roosevelt favored such legislation, the latter urging it in late message, and the commercial bodies over all of the country have urged! the creation of such a department. A department of commerce is generally recognized as a necessity quite as much as the department of postant, leture, which in recent years has fully

demonstrated its usefulness. There is now no cabinet officer to devote his affairs, which are becoming more a quiring representation in the executive is good too, but it is very hard gradually grew worse. branch of government. This work is now chiefly attached to the treasury affairs of the government, which alone i are sufficient for any one quan to supervise. The complaint runde by Mas. Russell
