Reseive sealing seisures is wholly in . favor of this country. The case grew out of the seisure eleven years ago (American sealing vessels by Bussian warships in Bering sea. Complaint for several years superintendent of gras agreed upon. The United States in Bolivar. did not claim jurisdiction, either in the Beging sea or in its bordering waters, for a greater distance than a marine league from the coast and admitted the bas worked for the Erie 33 years, durjurisdiction of any state over terri- ing every day of which he has been ! torial waters only to the extent of a on the company's pay roll, and earned marine league, unless a different rule over \$25.000. had been fixed by treaty between the iwo states interested in the question. In deciding this point Councilor Asser civil war, and well known about t

warshing should be permitted beyond ter- Thurs lay morning. ritorial waters to chase a vessel whose erew has been guilty of unlawful fishing to these waters or on territory of the Two important doctrines are laid down in the decision-first, that no as resting officer can oblige foreign sailors to navigate the arrested vessel seized. This, we believe, is the first decision by a properly authorized arbitrator that damages for a prospective catch are allowable. Damages are no questions of sovereignty or national interest are involved Russia will doubt less pay the claims promptly.

Selecting State Flowers. The school children of West Virginia are just now engaged in a rather spir-, which will determine the floral emblem of that state. Laurel, which flourishes in mountain regions, appears to be a favorite in the contest,

Many of the states of the Union have selected by similar method their emblematic flower. These are: California, slipper. Several states are discussing the matter of the adoption of a state Sower, and it is thought likely that Florida will choose the orange blosthe bine over and Games Constitute the the bine grass and South Carolina the palmetto, though there is much more palmetto in Florida than in the Pal-

There has also been much discussion regarding the selection of a national! flower, but our flora is so abundant and varied that it is quite impossible to single out one more representative than another. Unquestionably, however, the universal favorite just about | of a pretty girl.

The automobile manufacturers who from sick blood. have decided to petition congress for an appropriation of \$20,000,000 for national road propose that the expense of the highway shall be shared equally by the national government, states and the counties through which stimulation is a suggestion the road passes. In other words, congress will order the expenditure, if the bill becomes a law, and will pay only one-third of the bills. Such a great national flighway would undoubtedly be a fine thing, but it is highly improbable that congress would assume to tax ' the states and counties through which it would pass without their consent.

A hotel man in Crawfordsville, Ind. .discharged a waiter who was courting the employer's daughter. The daughler disappeared and later wrote home saying she had joined the discharged man and married him. It is apparent Scott's Emulsion. that the waiter waited for the girl after he quit waiting for her father.
